

# MESSAGE FROM THE PRINCIPAL DEPUTY ASSISTANT ADMINISTRATOR, OFFICE OF MISSION SUPPORT

This email message is being sent to EPA employees.

Dear Colleagues,

Last week, Deputy Administrator Janet McCabe launched our first “[Snapshot Survey](#),” the first of several quick polls to help us better support you during our transition back to the workplace. While participation in this survey is voluntary and anonymous, your input is very important to us as we continue to maintain open communication in shaping our new hybrid working environment at EPA.

The survey will be open until close of business **May 5, 2022**. Please make sure you connect to the survey from EPA’s Virtual Private Network or VPN.

We appreciate your continued commitment to the agency as we navigate our increased physical presence to the workplace. We look forward to updating you more as this process continues.

If you have any questions about this effort, please contact Matthew Bell at [bell.matthew@epa.gov](mailto:bell.matthew@epa.gov).

Thank you,

Kimberly Y. Patrick  
Principal Deputy Assistant Administrator
