Subject: Supreme Court (SCOTUS) Case Release - USCP JOCC - Sit Rep #6

The group at the SCOTUS has grown to approximately 2500 people.

A group who's permit was denied for Columbus Circle has violated that denial and began to set up tents, stages and sound equipment in the park.

There are approximately 500-750 people now in Columbus Circle.

USPP units are talking with the organizers in an attempt to gain voluntary compliance with the violations of 36CFR.

Additional USPP units are in route to Columbus Circle.

Update to follow.

Frank
