After is fine. Would be great to have one of Joe or Jeff on to help steer them if possible.

We currently have an OAR/OGC meeting scheduled at 3:15p so, if we're to do this, I would think folks would want to hold if we can until after that meeting has happened.

Hi - per the below, Janet's recommending an OAR/OGC touch base with RAs later today if possible on the WV case, since they will be saying stuff. Ann, Daniel - do you mind trying to coordinate such a thing? Melissa and Chad can help. I'll send a note to the RAs shortly saying we will try to find a time - but will give Joe a few minutes to respond countermanding this if there's cause to.

That would be great. I heard from one RA whose comment was "we lost." So we should give them something else to say.

I'd actually suggest, if it's at all possible. we put a call on the calendar for later today for the RAs with Joe/oar and Howard/ogc to give them a heads up and take questions.

We could do it on the later side -ish-and let them know so they'll know they're going to be hearing about it.
