The 11:30 is just for her to congratulate the OGC and OAR teams for a job well done. She's not interested in a briefing on the subject matter or plans going forward; otherwise, it would be a perfectly ridiculous request.

Yes a meeting from Janet popped on at 11:30. Do you want to ask her to wait to next week?

I think I missed a step. I talked to Janet last night and she didn't mention anything about a briefing. Has a request come in from her?

Anyway, I'm fine with what you propose, although I would prefer if we could talk about it a bit more at our General this afternoon before we take any action. Obviously, I would like to be involved in this as much as possible and would like to give the team enough time to think these issues through before they're compelled to brief us or Janet.

Thanks.

Joe – we talked yesterday after you left the call about the outline of a briefing. Would you like me to organize folks for the meeting with Janet – just figure out order and who does what (not content)? Below is what we talked about – my thought was for Janet just do 1-3 and only mention that will look at 4 and 5. Or maybe you know more about what she is looking for. Happy to help use our time efficiently.
