Subject: Talking Points for Discussion with EPA
Attachments: Talking Points for City of Jackson Mississippi with Federal EPA.docx

Good Evening All,

I hope this email find everyone well given the circumstance. Marvin Williams took the liberty to draft a few talking points after his discussion with Kisha Powell this morning. We anticipate there may be a discussion around the matters listed in the talking points. This is only guidance that we've received from Ms. Powell this morning. Let me know if we can assist any further.

Thanks,

Trey
