Attachment: Butyl Acrylate Discussion V2.docx

Kristen, we have shared this with the JIC, I am sure it will go through a lot of iterations...but I want to be sure you have seen a draft...Sharon

Heather,

Just an update – here is a version with edits from Karl and Bob at ATSDR R3.

Subject: First draft of n-butyl acrylate discussion

Hello, Heather,

After yesterday's call, and subsequent calls, PA DOH decided to take the lead on the first draft of a discussion on the n-butyl acrylate issue.

That document is attached.

We wanted to get this started and rolling, as we feel it is important to communicate this to the public as soon as practical.

Please feel free to share with those who may need to review internally, and we will plan to discuss at 1230.

Nate
