OPA Team,

Attached is the final UC Air Update Message.

The proposed rollout plan for today is as follows:

- Concurrently make JIC and Community Stakeholder group aware during **11am** JIC and Community Stakeholder group meetings.
- Reach out to local and regional news outlets and share embargoed statement to prepare supporting articles (Tim – lets discuss – we’re holding reaching out to anyone until we can speak with you).
- By 12pm or early afternoon, post on Air Monitoring webpage and post a notice on the homepage during the 3/31 web update. Add to the document list at the bottom of the homepage. (Hannah – Let me know if you have any additional thoughts on this)
- Amplify with social media? (Hannah – let me know your thoughts on this as well).

We have a QA set under development and will share those as soon as they’re finalized.

Thanks – Matt
