## FY23 Heat Stress Recognition and Prevention

 [Move to Archived Transcript](#)

### Training Details

**Training Type:** Online Class**Provider:** Group or Individual Field Training**Version:** 2.2**Training Hours:** 0 Hours 20 Minutes

**Description:** Each year, more people in the United States die from extreme heat than from hurricanes, lightning, tornados, floods, and earthquakes combined. This course will discuss the effects of heat on your body, outline the risk factors for heat-related illnesses, and describe the associated treatments for each. This training will also explain several control measure techniques and safe work practices that you can use to prevent heat-related stresses. The content in this course is designed to comply with the intent of the applicable regulatory requirements.

**Status:** Completed [View Completion Page](#)**Due Date:** None

**Objectives:** Upon completion of this course, participants will be able to recognize the signs and symptoms of heat stress, first-aid treatments of heat-related illnesses, and preventive measures for minimizing heat stress.

**Target Audience:** All EAS (exclude OIG, BOG and PRC) All PCES (exclde PCES-2 and PMG)

**Course Contact Info:** Leeann T. Theriault [leeann.t.theriault@usps.gov](mailto:leeann.t.theriault@usps.gov)

**USPS Course Code:** 2023SAFE6132SS01

### TRAINING PROGRESS

**Progress:**  0% (0 of 1 units complete)**View Time:** 0 Hour(s) 0 Minute(s)**Status:** Completed [View Completion Page](#)**Score:** 0%**Modules:**  [View details of modules for FY23 Heat Stress Recognition and Prevention](#)
