

FACT SHEET

Commerce Preliminarily Finds Dumping of Imports of Stainless Steel Sheet and Strip from the People's Republic of China

- On September 12, 2016, the Department of Commerce (Commerce) announced its affirmative preliminary determination in the antidumping duty (AD) investigation of imports of stainless steel sheet and strip from the People's Republic of China (China).
- The AD law provides U.S. businesses and workers with a transparent, quasi-judicial, and internationally accepted mechanism to seek relief from the market-distorting effects caused by injurious dumping of imports into the United States, establishing an opportunity to compete on a level playing field.
- For the purpose of an AD investigation, dumping occurs when a foreign company sells a product in the United States at less than its fair value.
- Commerce preliminarily found that dumping has occurred by mandatory respondents, Shanxi Taigang Stainless Steel Co., Ltd. and Tianjin Taigang Daming Metal Product Co., Ltd. Commerce also determined that the mandatory respondents are not eligible for a separate rate, and therefore part of the China-wide entity. Commerce calculated a preliminary dumping margin of 63.86 percent for the non-selected respondents eligible for a separate rate. Commerce preliminarily assigned a dumping margin of 76.64 percent based on adverse facts available for all other producers/exporters in China that are part of the China-wide entity due to their failure to respond to Commerce's requests for information.
- As a result of the preliminary affirmative determination, Commerce will instruct U.S. Customs and Border Protection (CBP) to collect cash deposits based on these preliminary rates.
- Commerce preliminarily found that critical circumstances exist with respect to the separate rate companies and the China-wide entity. CBP will be instructed to impose retroactively provisional measures on all entries of stainless steel sheet and strip effective 90 days prior to publication of the preliminary determination in the Federal Register.
- The petitioners for this investigation are AK Steel Corporation (OH), Allegheny Ludlum, LLC d/b/a ATI Flat Rolled Products (PA), North American Stainless (KY), and Outokumpu Stainless USA, LLC (IL).
- The merchandise covered by this investigation is stainless steel sheet and strip, whether in coils or straight lengths. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject sheet and strip is a flat-rolled product with a width that is greater than 9.5 mm and with a thickness of 0.3048 mm and greater but less than 4.75 mm, and that is annealed or otherwise heat treated, and pickled or otherwise descaled. The subject sheet and strip may also be further processed (*e.g.*, cold-rolled, annealed, tempered, polished, aluminized, coated, painted, varnished, trimmed, cut, punched, or slit, etc.) provided that it maintains the specific dimensions of sheet and strip set forth above following such

processing. The products described include products regardless of shape, and include products of either rectangular or non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process, *i.e.*, products which have been “worked after rolling” (*e.g.*, products which have been beveled or rounded at the edges).

- For purposes of the width and thickness requirements referenced above: (1) Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set forth above; and (2) where the width and thickness vary for a specific product (*e.g.*, the thickness of certain products with non-rectangular cross-section, the width of certain products with non-rectangular shape, etc.), the measurement at its greatest width or thickness applies.
- All products that meet the written physical description, and in which the chemistry quantities do not exceed any one of the noted element levels listed above, are within the scope of this investigation unless specifically excluded.
- Subject merchandise includes stainless steel sheet and strip that has been further processed in a third country, including but not limited to cold-rolling, annealing, tempering, polishing, aluminizing, coating, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the country of manufacture of the stainless steel sheet and strip.
- Excluded from the scope of the investigation are the following: (1) sheet and strip that is not annealed or otherwise heat treated and not pickled or otherwise descaled; (2) plate (*i.e.*, flat-rolled stainless steel products of a thickness of 4.75 mm or more); and (3) flat wire (*i.e.*, cold-rolled sections, with a mill edge, rectangular in shape, of a width of not more than 9.5 mm).
- The products under investigation are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7219.13.0031, 7219.13.0051, 7219.13.0071, 7219.13.0081, 7219.14.0030, 7219.14.0065, 7219.14.0090, 7219.23.0030, 7219.23.0060, 7219.24.0030, 7219.24.0060, 7219.32.0005, 7219.32.0020, 7219.32.0025, 7219.32.0035, 7219.32.0036, 7219.32.0038, 7219.32.0042, 7219.32.0044, 7219.32.0045, 7219.32.0060, 7219.33.0005, 7219.33.0020, 7219.33.0025, 7219.33.0035, 7219.33.0036, 7219.33.0038, 7219.33.0042, 7219.33.0044, 7219.33.0045, 7219.33.0070, 7219.33.0080, 7219.34.0005, 7219.34.0020, 7219.34.0025, 7219.34.0030, 7219.34.0035, 7219.34.0050, 7219.35.0005, 7219.35.0015, 7219.35.0030, 7219.35.0035, 7219.35.0050, 7219.90.0010, 7219.90.0020, 7219.90.0025, 7219.90.0060, 7219.90.0080, 7220.12.1000, 7220.12.5000, 7220.20.1010, 7220.20.1015, 7220.20.1060, 7220.20.1080, 7220.20.6005, 7220.20.6010, 7220.20.6015, 7220.20.6060, 7220.20.6080, 7220.20.7005, 7220.20.7010, 7220.20.7015, 7220.20.7060, 7220.20.7080, 7220.90.0010, 7220.90.0015, 7220.90.0060, and 7220.90.0080. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this proceeding is dispositive.
- In 2015, imports of stainless steel sheet and strip from China were valued at an estimated \$302 million.

NEXT STEPS

- Commerce is scheduled to announce its final determination on or about November 25, 2016.
- If Commerce makes an affirmative final determination, and the U.S. International Trade Commission (ITC) makes an affirmative final determination that imports of stainless steel sheet and strip from China materially injure, or threaten material injury to, the domestic industry, Commerce will issue an AD order. If either Commerce's or the ITC's final determination is negative, no AD order will be issued. The ITC is scheduled to make its final injury determination in January 2017.

PRELIMINARY DUMPING MARGINS:

COUNTRY	EXPORTER/PRODUCER	DUMPING RATES	CASH DEPOSIT
China	Non-Selected Separate Rate Respondents*	63.86%	63.12%
	China-Wide Rate	76.64%	75.90%

* The non-selected separate respondents are: Taiyuan Ridetaixing Precision Stainless Steel Incorporated Co., Ltd. and Zhangjiagang Pohang Stainless Steel Co., Ltd.

CASE CALENDAR:

EVENT	DATE
Petitions Filed	February 12, 2016
DOC Initiation Date	March 3, 2016
ITC Preliminary Determination	May 17, 2016
DOC Preliminary Determination	September 9, 2016
DOC Final Determination	November 23, 2016
ITC Final Determination*	January 7, 2017
Issuance of Order**	January 14, 2017

NOTE: Commerce preliminary and final determination deadlines are governed by statute. For AD investigations, the deadlines are set forth in sections 733(b) and 735(a) of the Tariff Act of 1930, as amended. These deadlines may be extended under certain circumstances.

†Where the deadline falls on a weekend/holiday, the appropriate date is the next business day.

*This will take place only in the event of a final affirmative determination by Commerce.

**This will take place only in the event of final affirmative determinations by Commerce and the ITC.

IMPORT STATISTICS:

CHINA	2013	2014	2015
Volume (metric tons)	57,300	119,800	133,500
Value (USD)	140,312,000	298,629,000	301,699,000
