Subject: Making American Education Great Again

Dear friends,

I have asked my staff to prepare this email to be sent from my public email account. As you may have seen, President-elect Donald J. Trump has announced his intention to nominate me to serve as the 11th Secretary of Education. I am honored, humbled and excited to take on this incredible task to work with the President-elect to make America's education system great again. For your reference, I have attached the official press release from the Transition Team, some general message points and my current biography.

At this time, I will be deferring all official comment to the Transition Team, but as I begin the important work of preparing for Senate confirmation and organizing the Department of Education team, I am grateful for your thoughts, ideas, suggestions and most of all, your prayers. I truly believe we have a once in a generation opportunity to fundamentally change education in America, and I am committed to giving this most noble task 100% of my effort from day one.

Thank you for your friendship and partnership as we move forward.

Gratefully,
Betsy
