TENANT-BASED RENTAL ASSISTANCE

For activities and assistance for the provision of tenant-based rental assistance authorized under the United States Housing Act of 1937, as amended (42 U.S.C. 1437 et seq.) ("the Act" herein), not otherwise provided for, \$15,317,900,000, to remain available until September 30, 2020, shall be available on October 1, 2017 (in addition to the \$4,000,000,000 previously appropriated under this heading that shall be available on October 1, 2017), and \$4,000,000,000, to remain available until September 30, 2021, shall be available on October 1, 2018: Provided, That the amounts made available under this heading are provided as follows:

(1) \$17,583,826,000 shall be available for renewals of expiring section 8 tenant-based annual contributions contracts (including renewals of enhanced vouchers under any provision of law authorizing such assistance under section 8(t) of the Act) and including renewal of other special purpose incremental vouchers: Provided, That notwithstanding any other provision of law, from amounts provided under this paragraph and any carryover, the Secretary for the calendar year 2018 funding cycle shall provide renewal funding for each public housing agency based on validated voucher management system (VMS) leasing and cost data for the prior calendar year and by applying an inflation factor as established by the Secretary, by notice published in the Federal Register, and by making any necessary adjustments for the costs associated with the first-time renewal of vouchers under this paragraph including tenant protection, and Choice Neighborhoods vouchers: Provided further, That none of the funds provided under this paragraph may be used to fund a total number of unit months under lease which exceeds a public housing agency's authorized level of units under contract, except for public housing agencies participating in the MTW demonstration, which are instead governed by the terms and conditions of their MTW agreements: Provided further, That the Secretary shall, to the extent necessary to stay within the amount specified under this paragraph (except as otherwise modified under this paragraph), prorate each public housing agency's allocation otherwise established pursuant to this paragraph: Provided further, That except as provided in the following provisos, the entire amount specified under this paragraph (except as otherwise modified under this paragraph) shall be obligated to the public housing agencies based on the allocation and pro rata method described above, and the Secretary shall notify public housing agencies of their annual budget by the latter of 60 days after enactment of this Act or March 1, 2016: Provided further, That the Secretary may extend the notification period with notification to the House and Senate Committees on Appropriations: Provided further, That public housing agencies participating in the MTW demonstration shall be funded pursuant to their MTW agreements and in accordance with the requirements of the MTW program and shall be subject to the same pro rata adjustments under the previous provisos: Provided further, That the Secretary may offset public housing agencies' calendar year 2018 allocations based on the excess amounts of public housing agencies' net restricted assets accounts, including HUD held programmatic reserves (in accordance with VMS data in calendar year 2017 that is verifiable and complete), as determined by the Secretary: Provided further, That public housing agencies participating in the MTW demonstration shall also be subject to the offset, as determined by the Secretary from the agencies' calendar year 2018 MTW funding allocation: Provided further, That the Secretary shall use any offset referred to in the previous two provisos throughout the calendar year to prevent the termination of rental assistance for families as the result of insufficient funding, as determined by the Secretary, and to avoid or reduce the proration of renewal funding allocations: Provided further, That up to \$75,000,000 shall be available only: (1) for adjustments in the allocations for public housing agencies, after application for an adjustment by a public housing agency that experienced a significant increase, as determined by the Secretary, in renewal costs of vouchers resulting from unforeseen circumstances or from portability under section 8(r) of the Act; (2) for vouchers that were not in use during the previous 12-month period in order to be available to meet a commitment pursuant to section 8(o)(13) of the Act; (3) for adjustments for costs associated with HUD-Veterans Affairs Supportive Housing (HUD-VASH) vouchers; and (4) for public housing agencies that despite taking reasonable cost savings measures, as determined by the Secretary, would otherwise be required to terminate rental assistance for families as a result of insufficient funding: Provided further, That the Secretary shall allocate amounts under the previous proviso based on need, as determined by the Secretary;

(2) \$60,000,000 shall be for section 8 rental assistance for relocation and replacement of housing units that are demolished or disposed of pursuant to section 18 of the Act, conversion of section 23 projects to assistance under section 8, the

family unification program under section 8(x) of the Act, relocation of witnesses in connection with efforts to combat crime in public and assisted housing pursuant to a request from a law enforcement or prosecution agency, enhanced vouchers under any provision of law authorizing such assistance under section 8(t) of the Act, HOPE VI and Choice Neighborhood vouchers, mandatory and voluntary conversions, and tenant protection assistance including replacement and relocation assistance or for project-based assistance to prevent the displacement of unassisted elderly tenants currently residing in section 202 properties financed between 1959 and 1974 that are refinanced pursuant to Public Law 106-569, as amended, or under the authority as provided under this Act: Provided, That when a public housing development is submitted for demolition or disposition under section 18 of the Act, the Secretary may provide section 8 rental assistance when the units pose an imminent health and safety risk to residents: Provided further, That the Secretary may only provide replacement vouchers for units that were occupied within the previous 24 months that cease to be available as assisted housing, subject only to the availability of funds: Provided further, That any tenant protection voucher made available from amounts under this paragraph shall not be re-issued by any public housing agency, except the replacement vouchers as defined by the Secretary by notice, when the initial family that received any such voucher no longer receives such voucher, and the authority for any public housing agency to issue any such voucher shall cease to exist;

(3) \$1,550,000,000 shall be for administrative and other expenses of public housing agencies in administering the section 8 tenant-based rental assistance program, of which up to \$10,000,000 shall be available to the Secretary to allocate to public housing agencies that need additional funds to administer their section 8 programs, including fees associated with section 8 tenant protection rental assistance, the administration of disaster related vouchers, Veterans Affairs Supportive Housing vouchers, and other special purpose incremental vouchers: Provided, That no less than \$1,540,000 of the amount provided in this paragraph shall be allocated to public housing agencies for the calendar year 2018 funding cycle based on section 8(q) of the Act (and related Appropriation Act provisions) as in effect immediately before the enactment of the Quality Housing and Work Responsibility Act of 1998 (Public Law 105-276): Provided further, That if the amounts made available under this paragraph are insufficient to pay the amounts determined under the previous proviso, the Secretary may decrease the amounts allocated to agencies by a uniform percentage applicable to all agencies receiving funding under this paragraph or may, to the extent necessary to provide full payment of amounts determined under the previous proviso, utilize unobligated balances, including recaptures and carryovers, remaining from funds appropriated to the Department of Housing and Urban Development under this heading from prior fiscal years, excluding special purpose vouchers, notwithstanding the purposes for which such amounts were appropriated: Provided further, That all public housing agencies participating in the MTW demonstration shall be funded pursuant to their MTW agreements and in accordance with the requirements of the MTW program, and shall be subject to the same uniform percentage decrease as under the previous proviso: Provided further, That amounts provided under this paragraph shall be only for activities related to the provision of tenant-based rental assistance authorized under section 8, including related development activities;

(4) \$107,074,000 for the renewal of tenant-based assistance contracts under section 811 of the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 8013), including necessary administrative expenses: Provided, That administrative and other expenses of public housing agencies in administering the special purpose vouchers in this paragraph shall be funded under the same terms and be subject to the same pro rata reduction as the percent decrease for administrative and other expenses to public housing agencies under paragraph (3) of this heading;

(5) \$7,000,000 shall be for renewal grants, including rental assistance and associated administrative fees for Tribal HUD-VA Supportive Housing to serve Native American veterans that are homeless or at-risk of homelessness living on or near a reservation or Indian areas: Provided, That such amount shall be made available for renewal grants to the recipients that received assistance under the rental assistance and supportive housing demonstration program for Native American veterans authorized under the heading "TENANT-BASED RENTAL ASSISTANCE" in title II of division K of the Consolidated and Further Continuing Appropriations Act, 2015 (Public Law 113-235, 128 Stat, 2733): Provided further, That the Secretary shall be authorized to specify criteria for renewal grants, including data on the utilization of assistance reported by grant recipients under the demonstration program: Provided further, That renewal grants under this paragraph shall be administered by block grant recipients in accordance with program requirements under the Native American Housing Assistance and Self-Determination Act of 1996: Provided further, That assistance under this paragraph

TENANT-BASED RENTAL ASSISTANCE—Continued

shall be modeled after, with necessary and appropriate adjustments for Native American grant recipients and veterans, the rental assistance and supportive housing program known as HUD-VASH program, including administration in conjunction with the Department of Veterans Affairs and overall implementation of section 8(o)(19) of the United States Housing Act of 1937: Provided further, That the Secretary of Housing and Urban Development may waive or specify alternative requirements for any provision of any statute or regulation that the Secretary administers in connection with the use of funds made available under this paragraph (except requirements related to fair housing, nondiscrimination, labor stands, and the environment), upon a finding by the Secretary that any such waiver or alternative requirement is necessary for the effective delivery and administration of such assistance: Provided further, That grant recipients shall report to the Secretary on utilization of such rental assistance and other program data, as prescribed by the Secretary;

(6) \$10,000,000 shall be available to support modernization of public housing agency (PHA) information technology systems with respect to administration of program data and funding provided under this heading, including related expenses; Provided, That the Secretary may transfer up to \$5,000,000 of the amounts provided under this paragraph to the "Public Housing Capital Fund" heading under this title to support modernization of PHA information technology systems with respect to administration of program data and funding under such heading, including related expenses; and

(7) the Secretary shall separately track all special purpose vouchers funded under this heading.

Note.—A full-year 2017 appropriation for this account was not enacted at the time the budget was prepared; therefore, the budget assumes this account is operating under the Further Continuing Appropriations Act, 2017 (P.L. 114–254). The amounts included for 2017 reflect the annualized level provided by the continuing resolution.

The 2018 Budget provides \$19.3 billion for the Tenant-Based Rental Assistance program (also known as the Housing Choice Voucher program), which is the Federal government's largest income-targeted rental assistance program. With this funding, the Housing Choice Voucher program will provide housing assistance to over 2.2 million extremely low- to very low-income families to rent decent, safe, and sanitary housing in the private market. About 2,200 state and local Public Housing Authorities (PHAs) administer the Housing Choice Voucher program.

The Budget provides \$17.6 billion in contract renewals to continue assistance for families anticipated to be under lease at the end of 2017, as well as \$107 million for the renewal of 14,000 housing vouchers for persons with disabilities, and associated administrative fees, originally funded under the Section 811 tenant-based program.

The Budget requests \$1.6 billion in PHA administrative fees to support fundamental functions such as admitting households, conducting housing quality inspections and completing tenant income certifications.

The Budget requests \$60 million for tenant protection vouchers, which are provided to families who may have to relocate due to actions beyond their control, such as public housing demolition or redevelopment, and when private owners of multi-family developments choose to leave the project-based program or convert to long-term Section 8 contracts, as a part of the Rental Assistance Demonstration program.

The Budget provides \$7 million for the renewal or issuance of vouchers by tribes under the Tribal HUD-VA Supportive Housing (HUD-VASH) program, to serve Native American veterans that are homeless or at risk of homelessness and living in and around designated tribal areas.

Finally, the Budget proposes a set of policies to reduce costs while continuing to assist current residents. These policies serve as a starting point as the Administration works towards a more comprehensive package of rental assistance reforms. The proposals include increased tenant rent contributions, the establishment of mandatory minimum rents, and the end of utility allowance reimbursements, among others.

HOUSING CERTIFICATE FUND

Until 2005, the Housing Certificate Fund provided funding to both the project-based and tenant-based components of the Section 8 program. Project-Based Rental Assistance and Tenant-Based Rental Assistance are now funded in separate accounts. The Housing Certificate Fund retains and recovers balances from previous years' appropriations, and uses those balances to support contract renewals, amendments, and performance-based contract administrators.

Stafford Disaster Relief and Emergency Act (42 U.S.C. 5121 et seq.) occurring in fiscal year 2018: Provided further, That of the total amount made available under this heading, up to \$10,000,000 shall be for a Jobs-Plus initiative modeled after the Jobs-Plus demonstration: Provided further, That funding provided under the previous proviso shall be available for competitive grants to partnerships between public housing authorities, local workforce investment boards established under section 117 of the Workforce Investment Act of 1998, and other agencies and organizations that provide support to help public housing residents obtain employment and increase earnings: Provided further, That applicants must demonstrate the ability to provide services to residents, partner with workforce investment boards, and leverage service dollars:

Provided further, That the Secretary may allow public housing agencies to request exemptions from rent and income limitation requirements under sections 3 and 6 of the United States Housing Act of 1937 as necessary to implement the Jobs-Plus program, on such terms and conditions as the Secretary may approve upon a finding by the Secretary that any such waivers or alternative requirements are necessary for the effective implementation of the Jobs-Plus initiative as a voluntary program for residents: Provided further, That the Secretary shall publish by notice in the Federal Register any waivers or alternative requirements pursuant to the preceding proviso no later than 10 days before the effective date of such notice: Provided further, That from the funds made available under this heading, the Secretary shall provide bonus awards in fiscal year 2018 to public housing agencies that are designated high performers.

PUBLIC HOUSING CAPITAL FUND—Continued

The Budget proposes \$628 million for the Public Housing Capital Fund, a formula grant program designed to address the most acute capital repairs and replacement needs in public housing properties. This program preserves and enhances a valuable affordable housing resource that serves approximately 1.1 households. Additionally, it resolves capital needs arising from unforeseen emergencies and natural disasters, and facilitates financial and physical assessments of rental housing assistance programs. Of the amount requested, approximately \$600 million will fund capital grants to public housing agencies (PHAs). The balance, supplemented by any recaptures, will be available to provide up to \$20 million for emergency capital needs; up to \$10 million for Jobs-Plus, an evidence-based program for increasing income and earnings for public housing residents; and up to \$8.3 million for financial and physical assessments of public housing and other HUD-assisted properties. Finally, the Budget proposes a set of policies to reduce costs while continuing to assist current residents. These policies serve as a starting point as the Administration works towards a more comprehensive package of rental assistance reforms. The proposals include increased tenant rent contributions, the establishment of mandatory minimum rents, and the end of utility allowance reimbursements, among others.

PUBLIC HOUSING OPERATING FUND

For 2018 payments to public housing agencies for the operation and management of public housing, as authorized by section 9(e) of the United States Housing Act of 1937 (42 U.S.C. 1437g(e)), \$3,900,000,000, to remain available until September 30, 2019.

Note.—A full-year 2017 appropriation for this account was not enacted at the time the budget was prepared; therefore, the budget assumes this account is operating under the Further Continuing Appropriations Act, 2017 (P.L. 114–254). The amounts included for 2017 reflect the annualized level provided by the continuing resolution.

The Budget requests \$3.9 billion for the Public Housing Operating Fund, a formula grant program awarded to public housing agencies (PHAs) to support the maintenance and operations of approximately 1.1 million public housing units. This funding helps to address the need for affordable housing and supports the long-term preservation and viability of the public housing portfolio. Finally, the Budget proposes a set of policies to reduce costs while continuing to assist current residents. These policies serve as a starting point as the Administration works towards a more comprehensive package of rental assistance reforms. The proposals include increased tenant rent contributions, the establishment of mandatory minimum rents, and the end of utility allowance reimbursements, among others.

The Choice Neighborhoods program provides competitive planning and implementation grants to improve neighborhoods with distressed and/or HUD-assisted housing. The 2018 Budget does not request funding for Choice Neighborhoods in recognition of a greater role for State and local governments and the private sector to address community revitalization needs, and redirects constrained Federal resources to higher priority activities. The Department will continue to monitor and provide assistance for existing HOPE VI and Choice Neighborhood projects.

The Budget requests \$75 million for the Family Self-Sufficiency (FSS) Program to help Housing Choice Voucher, Public Housing, and Project-Based Rental Assistance (PBRA) residents achieve self-sufficiency and economic independence. FSS provides service coordination through community partnerships that link assisted residents with employment assistance, job training, child care, transportation, financial literacy, and other supportive services. Residents participating in FSS are provided an interest bearing escrow account; any rent increase resulting from increased earned income during their participation in the program is credited to the escrow account.

The Budget supports FSS through competitive funding for public housing agencies and authority for PBRA owners to use funds from their residual receipt accounts or other sources to hire service coordinators.

The Budget proposes \$600 million for the Native American Housing Block Grant (NAHBG) program. This program allocates funds on a formula basis to approximately 360 recipients representing more than 550 Indian tribes nationwide to help them address housing and other needs within their communities.

Within the total amount requested, \$2 million is for the Title VI loan guarantee program. The Title VI program provides a Federal guarantee of notes or other obligations issued by Indian tribes or tribally-designated housing entities for the purpose of financing affordable housing activities. The amount requested is sufficient to guarantee \$17.39 million in new loans.

The Hawaiian Homelands Homeownership Act of 2000 (P.L. 106-568), which amended the Native American Housing Assistance and Self-Determination Act of 1996 by adding Title VIII, authorized the Native Hawaiian Housing Block Grant program. This program provides funds to develop, maintain and operate affordable housing for eligible low-income Native Hawaiian families. It authorizes annual grants to the Department of Hawaiian Home Lands (DHHL) for housing and housing-related assistance, pursuant to an annual housing plan, within the area in which DHHL is authorized to provide that assistance. The Budget does not request funds for this program.

The Native Hawaiian Housing Loan Guarantee program (also known as the Section 184A program), provides access to private mortgage financing to Native Hawaiian families who are eligible to reside on the Hawaiian home lands and otherwise would face barriers to acquiring such financing because of the unique legal status of the Hawaiian home lands. The Budget does not request any new credit subsidy budget authority for this program because the Department will carry forward sufficient balances of prior-year subsidy budget authority to support the estimated \$23 million in new loan guarantees in 2018

The 2018 Budget provides \$330 million for the Housing Opportunities for Persons with AIDS (HOPWA) program, the only Federal program dedicated to addressing the housing needs of low-income Americans living with HIV and AIDS. HOPWA funding provides States and localities with resources to devise long-term comprehensive strategies for providing housing and supportive services to meet the housing needs of persons living with HIV and AIDS and their families. HOPWA funds have been demonstrated to reduce the risk of homelessness, increase housing stability, improve access to HIV care and health outcomes for program participants, and reduce the risk of HIV transmission to others.

Ninety percent of HOPWA funds are distributed to States and eligible metropolitan areas according to a formula, and the remaining ten percent are awarded competitively to States, local governments, and private non-

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS—Continued

profit entities for projects with long-term comprehensive strategies in non-formula areas. The HOPWA formula was updated via the Housing Opportunity Through Modernization Act of 2016, Public Law No. 114–201. The law requires formula funds to be allocated based on cases of persons living with HIV or AIDS instead of cumulative AIDS cases, and ensures funding to jurisdictions reflects the current nature and distribution of the HIV/AIDS epidemic. The modernized HOPWA formula is adjusted for an area's fair market rent and poverty rates to further ensure HOPWA funds are focused on areas that have the most need. The law also includes several changes that will allow better targeting of HOPWA resources and more flexibility for grantees to provide the most cost-effective and timely interventions. The updated formula is effective in FY 2017, and HUD is working closely with formula grantees through a comprehensive Technical Assistance initiative to develop community-wide strategies for managing the changes.

HUD is continuing its partnership with Federal agencies through the HIV Care Continuum to improve outcomes that promote greater achievements in viral suppression through the coordination and alignment of housing support with medical care for people living with HIV. Furthermore, HUD is placing greater emphasis on coordinating local planning and service delivery of HOPWA housing resources with local homeless Continuums of Care. This effort is expected to increase local collaborations in the delivery of housing and services, and reduce duplication within local systems of support.

Community Development Block Grant (CDBG).—The CDBG program provides formula grants to States, local governments, and Insular Areas to benefit mainly low- to moderate-income persons, and support a wide range of community and economic development activities, such as public infrastructure improvements (which account for approximately 33 percent of all CDBG funds), housing rehabilitation and construction (approximately 25 percent of funds), job creation and retention, and public services. Seventy percent of CDBG formula grants are distributed to mainly urban areas (entitlement communities), and 30 percent are distributed to States (non-entitlement communities). The 2018 Budget does not request funding for CDBG, devolves community and economic development to the State and local level, and redirects Federal resources to other activities.

Indian Community Development Block Grant (ICDBG).—This program provides grants to help develop viable American Indian and Alaska Native Communities with decent housing, a suitable living environment, and economic opportunities, primarily for low- and moderate-income persons. The 2018 Budget does not request funding for ICDBG, which duplicates HUD's larger Native American Housing Block Grant program and other Federal programs, and redirects the savings to higher priority areas.

CDBG Disaster Recovery (CDBG-DR).—This account also contains previously appropriated CDBG-DR funding provided to communities impacted by major disasters, including Hurricane Sandy, Hurricane Matthew, and other recent floods in Louisiana, Texas, and West Virginia.

The 2018 Budget requests no funding for the Brownfields Economic Development Initiative (BEDI), which was a competitive grant program designed to assist cities with the redevelopment of brownfield sites for the purposes of economic development and job creation. Local governments have access to other public and private funds for similar purposes. The Consolidated and Further Continuing Appropriations Act, 2015 (Public Law 113–235) permanently rescinded all unobligated balances of BEDI funds, including carryover and recaptures.

The HOME Investment Partnerships Program (HOME) provides flexible annual formula grant assistance to States and units of local government to increase the supply of affordable housing and expand homeownership for low- to very-low income persons through a wide range of activities that build, buy, and/or rehabilitate affordable housing. Sixty percent of the formula grant funds is awarded to participating local governments and 40 percent is awarded to states. Projects funded by HOME often leverage private dollars and are used in conjunction with other funds such as the Low-Income Housing Tax Credit (LIHTC), Community Development Block Grant, and local funds.

The Budget does not request funding for HOME , and recognizes a greater role for State and local governments and the private sector in ad-

ressing community development and affordable housing needs. The Department will continue to administer the program until all existing grant funds are disbursed and closed. There are currently \$2.9 billion of undisbursed HOME funds from fiscal year 2016 and earlier grants. HUD will also oversee projects assisted with HOME grants until the end of their affordability periods (projects are required to remain affordable for as long as 20 years from the date of completion). There are approximately 25,400 rental projects and 11,500 homebuyer units that are currently under regulatory compliance, and additionally, new projects that are currently underway will be placed in service over the next several years.

The Self-Help and Assisted Homeownership Opportunity Program (SHOP) account includes funding for the SHOP program, Capacity Building for Community Development and Affordable Housing (Section 4), rural capacity building, and a pilot home modification and rehabilitation program for disabled and low-income veterans.

The 2018 Budget does not request funding for these programs. The Budget recognizes a greater role for State and local governments and the private sector in addressing community development and affordable housing needs. These programs are also duplicative or overlap with other Federal, State, and local efforts.

The Neighborhood Stabilization Program (NSP) was first authorized by the Housing and Economic Recovery Act of 2008 (HERA) and funded at \$3.92 billion. In response to the foreclosure crisis, HERA directed HUD to develop a formula to distribute the funds to State and local governments with the greatest need. Grantees were allowed to use NSP funds for a number of eligible activities, including establishing financing mechanisms; purchasing and rehabilitating abandoned or foreclosed properties; establishing land banks; demolishing blighted structures; and redeveloping vacant or demolished property. In 2009, the American Recovery and Reinvestment Act (ARRA) made several changes to the NSP program as enacted by HERA and appropriated an additional \$2 billion in funding for NSP2; these amounts are reflected within the Community Development Fund account. The Dodd-Frank Financial Reform and Consumer Protection Act of 2010 (Dodd-Frank Act) appropriated an additional \$1 billion for a third iteration of NSP (NSP3) in July 2010.

As of April 2017, NSP grantees had expended (including program income) an amount equivalent to 119 percent of the total program funds allocated for all iterations of NSP. Grantees have approximately \$213 million in NSP-generated program income that must be expended prior to drawing down the remaining grant funds that are reflected in this account. HUD is closely monitoring efforts to expend these funds consistent with NSP requirements and the Department is providing technical assistance to field offices and grantees to expedite closing out all grants.

Note.—A full-year 2017 appropriation for this account was not enacted at the time the budget was prepared; therefore, the budget assumes this account is operating under the Further Continuing Appropriations Act, 2017 (P.L. 114-254). The amounts included for 2017 reflect the annualized level provided by the continuing resolution.

The Homeless Assistance Grants account provides funds for the Emergency Solutions Grant (ESG) and Continuum of Care (CoC) programs. These programs, which award funds through formula and competitive processes, enable localities to shape and implement comprehensive, flexible, coordinated approaches to address the multiple issues of homelessness.

The 2018 Budget provides a total of \$2.250 billion for a wide range of activities to assist homeless persons and prevent future occurrences of homelessness. The Budget supports \$1.988 billion for the CoC program, including funding for competitive renewals and new projects created through reallocation; \$255 million for ESG formula funding for communities to address emergency needs such as emergency shelter, street outreach, essential services, homelessness prevention, and rapid rehousing; and \$7 million for the National Homeless Data Analysis Project.

The 2018 Budget sustains funding to support programs dedicated to ending homelessness, including persons experiencing chronic homelessness, veterans experiencing homelessness, and families, youth, and children experiencing homelessness.

The 2018 Budget also proposes two legislative changes to : 1) allow CoC grantees to receive one-year transition grants, which will better allow projects to maintain service to program participants as those projects transition from one CoC program component to another (e.g., from transitional housing to permanent supportive housing) and 2) allow CoC grant recipients to count program income toward meeting matching requirements.

The Supplemental Appropriations Act, 2008 (Public Law 110-252) provided \$73 million for permanent supportive housing assistance as referenced in the Road Home Program of the Louisiana Recovery Authority (LRA). Of the total amount appropriated, \$50 million was for permanent supportive housing, serving approximately 1,000 homeless individuals and families living with disabilities. The LRA is eligible to apply for Homeless Assistance Grants to renew this assistance. Additionally, this account provided \$23 million in project-based rental assistance vouchers to LRA to support an estimated 2,000 elderly and disabled disaster victims, as authorized. Beginning in 2010, these vouchers have been renewed within the Tenant-Based Rental Assistance account upon the termination of the original subsidy.

The Budget does not provide funding for the Rural Housing and Economic Development (RHED) program. RHED was created to support housing and economic development activities in rural communities. The Consolidated Appropriations Act, 2016 (Public Law 114-113) permanently rescinded all unobligated balances of RHED funds, including carryover and recap-tures.

The Revolving Fund (liquidating programs) was established by the Independent Offices Appropriations Act of 1955 for the efficient liquidation of assets acquired under a number of housing and urban development programs, all of which are no longer active. For example, the Section 312 loan program portfolio, which provided first and junior lien financing at below market interest rates for the rehabilitation of homes in low-income neighborhoods, constituted a large portion of the account activities but has not originated new loans for over 20 years. The operational expenses are financed from a permanent, indefinite appropriation to administer the remaining repayments of loans, recaptures, and lien releases in the portfolio. Any remaining unobligated balances in the account are returned to the Treasury annually.

The Housing Trust Fund provides grants to States to increase and preserve the supply of affordable rental housing and homeownership opportunities for extremely low-income families. The Housing Trust Fund was authorized by section 1131 of the Housing and Economic Recovery Act of 2008 (Public Law 110–289), which directed the account to be funded from assessments on Fannie Mae and Freddie Mac. The Federal Housing Finance Agency (FHFA), as regulator of Fannie Mae and Freddie Mac, suspended these assessments in November 2008 but reinstated them effective January 2015. The 2018 Budget includes a legislative proposal to eliminate the assessment and discontinue funding for the Housing Trust Fund.

The Budget requests \$10.751 billion for Project-Based Rental Assistance (PBRA), of which \$400 million is requested as an advance appropriation to become available in 2019. The PBRA program assists approximately 1.2 million extremely low- to low-income households in obtaining decent, safe, and sanitary housing in private accommodations. PBRA serves families, elderly and disabled households and provides transitional housing for the homeless. Through this funding, HUD supports approximately 17,250 contracts with private owners of multifamily housing by paying the difference between a portion of a household's income and the approved market-based rent for a housing unit. The Budget continues to support the program's calendar year funding cycle and provides 12 months of funding for all contracts. Finally, the Budget proposes a set of policies to reduce costs while continuing to assist current residents. These policies serve as a starting point as the Administration works towards a more comprehensive package of rental assistance reforms. The proposals include increased tenant

rent contributions, the establishment of mandatory minimum rents, and the end of utility allowance reimbursements, among others.

Program activities include the following:

Contract Renewals and Amendments.—These activities provide funding for HUD to renew expiring contracts and amend contracts that have not expired but require additional funding for HUD to meet remaining payment obligations. Appropriations for these activities are supplemented with recoveries of excess balances remaining on expired contracts that utilized less than anticipated resources during their initial terms.

Contract Administrators.—This activity funds the local level administration of the program through HUD agreements with performance-based contract administrators (PBCAs). These entities, which are typically public housing authorities or state housing finance agencies, are responsible for conducting on-site management reviews of assisted properties; adjusting contract rents; reviewing, processing, and paying monthly vouchers submitted by owners; renewing contracts with property owners; and responding to health and safety issues at properties. In 2018, the Budget requests up to \$285 million for PBCAs from the PBRA account, in addition to \$30 million in anticipated recaptures in the Housing Certificate Fund to supplement the requested appropriation.

Tenant Resource Network.—The Budget provides up to \$3 million in 2018 for technical assistance to tenant groups, nonprofit groups, and public entities to support tenants of troubled properties, and improve tenant access to community services in order to support self-sufficiency.

HOUSING FOR THE ELDERLY

For amendments to capital advance contracts for housing for the elderly, as authorized by section 202 of the Housing Act of 1959, as amended, and for project rental assistance for the elderly under section 202(c)(2) of such Act, including amendments to contracts for such assistance and renewal of expiring contracts for such assistance for up to a 1-year term, and for senior preservation rental assistance contracts, including renewals, as authorized by section 811(e) of the American Housing and Economic Opportunity Act of 2000, as amended, and for supportive services associated with the housing, \$510,000,000 to remain available until September 30, 2021: Provided, That of the amount provided under this heading, up to \$90,000,000 shall be for service coordinators and the continuation of existing congregate service grants for residents of assisted housing projects: Provided further, That amounts under this heading shall be available for Real Estate Assessment Center inspections and inspection-related activities associated with section 202 projects: Provided further, That the Secretary may waive the provisions of section 202 governing the terms and conditions of project rental assistance, except that the initial contract term for such assistance shall not exceed 5 years in duration: Provided further, That upon request of the Secretary of Housing and Urban Development, project funds that are held in residual receipts accounts for any project subject to a section 202 project rental assistance contract, and that upon termination of such contract are in excess of an amount to be determined by the Secretary, shall be remitted to the Department and deposited in this account, to be available until September 30, 2021: Provided further, That amounts deposited in this account pursuant to the previous proviso shall be available, in addition to the amounts otherwise provided by this heading, for the purposes authorized under this heading: Provided further, That unobligated balances, including recaptures and carryover, remaining from funds transferred to or appropriated under this heading may be used for the current purposes authorized under this heading notwithstanding the purposes for which such funds originally were appropriated. Provided further, That up to \$35,000,000 of any amounts made available under this heading, including recaptures, carryover, and residual receipts, may be transferred to and merged with amounts made available under the heading "Housing for Persons with Disabilities", and any such transferred and merged amounts may be transferred back and merged with amounts made available under this heading.

Note.—A full-year 2017 appropriation for this account was not enacted at the time the budget was prepared; therefore, the budget assumes this account is operating under the Further Continuing Appropriations Act, 2017 (P.L. 114–254). Since 1959, the Housing for the Elderly program (Section 202) has supported the construction and operation of supportive housing for very low-income elderly households, including the frail elderly. The Budget provides \$510 million for this program, including \$417 million to renew and amend operating subsidy contracts for existing Section 202 housing, \$90 million to support service coordinators who work on-site to help residents obtain critical services, and \$3 million for property inspections and related expenses. Consistent with the 2016 Appropriations Act, the request for contract renewals and amendments under this account includes amounts for

Senior Preservation Rental Assistance Contracts (SPRACs). HUD will continue the implementation of a five-year Supportive Services Demonstration in HUD-Assisted Multifamily Housing for the Elderly with funding provided for this purpose as authorized in 2014; no additional funding is requested. This Demonstration will test and evaluate an enhanced supportive services model in independent living Multifamily housing developments predominantly occupied by elderly persons. The goal of this Demonstration is to delay or avoid institutional care, expand and support residents' self-care management capacity, enhance access and use of health and social services, improve housing stability, and improve resident wellbeing and quality of life. The Budget supports preservation of Section 202 properties through the expansion of the Rental Assistance Demonstration program to include elderly properties developed through the Capital Advance program. The Budget also seeks renewed authority to make better use of existing resources. HUD will identify residual receipts collections, recaptures, and other unobligated balances to redirect as additional investments in SPRACs, Service Coordinators, or other authorized purposes.

Finally, the Budget proposes a set of policies to reduce costs while continuing to assist current residents. These policies serve as a starting point as the Administration works towards a more comprehensive package of rental assistance reforms. The proposals include increased tenant rent contributions, the establishment of mandatory minimum rents, and the end of utility allowance reimbursements, among others.

The Housing Counseling Assistance Program provides (1) comprehensive housing counseling services to eligible homeowners and tenants through grants, oversight, and technical assistance; and (2) training to housing counselors and staff of government or non-profit entities that participate in HUD's housing counseling program. Eligible housing counseling program services include group education and individualized housing counseling on pre-and post-purchase homeownership budgeting and financial management, reverse mortgage counseling, homelessness prevention, rental counseling, and avoiding discrimination, foreclosure and eviction. The objectives of the Housing Counseling program include overcoming barriers to stable and affordable housing; expanding sustainable homeownership and rental opportunities; preventing foreclosure and eviction; and deterring discrimination, scams and fraud.

The 2018 Budget includes \$47 million for this program; the bulk of which funds grants to HUD-approved Housing Counseling agencies for direct services. The Office of Housing Counseling intends to increase awareness and visibility of the program as it implements individual testing and certification for housing counselors. As the economy improves and the number of first-time homebuyers increases, the need and demand for housing counseling will increase as well.

The Housing Counseling Federal Advisory Committee, launched in Fiscal Year 2016, is focused on greater awareness, financial sustainability and integrating housing counseling into the mortgage process. Finally, the Office of Housing Counseling is continuing to streamline program requirements and reduce administrative burdens. For example, it plans to continue

to conduct grant competitions every two years rather than every year—an innovation authorized by Congress which has saved housing counseling agencies between 40 and 200 hours of time without any increase in risk of waste or misuse. HUD expects to make further program improvements as results are published from its First-Time Homebuyer Demonstration, a large-scale, randomized experiment to measure the long-term impact of housing counseling and education.

The Other Assisted Housing account contains the programs listed below:
Rent Supplement.—Rent Supplement assistance payments will continue to be made on behalf of qualified low-income tenants in assisted units that have not converted to Section 8.

Section 235.—The Housing and Urban-Rural Recovery Act of 1983 (Public Law 98-181) authorized a restructured Section 235 (Homeownership Assistance) program that provided homeowners a ten-year interest reduction subsidy on their mortgages.

Section 236.—The Housing and Urban Development Act of 1968, as amended, authorizes the Section 236 Rental Housing Assistance Program, which subsidizes the monthly mortgage payment that an owner of a rental or cooperative project is required to make. This interest subsidy reduces rents for lower income tenants. Some Section 236 properties also have rental assistance contracts with HUD through the Rental Assistance Payment (RAP) program.

As an increasing number of Rent Supplement and RAP rental assistance contracts reach the ends of their terms, HUD is taking steps to preserve this affordable housing stock. The Rental Assistance Demonstration (RAD) enables owners of properties with expiring Rent Supplement or RAP contracts to convert their assistance to long-term, project-based Section 8 contracts. HUD projects that the majority of the remaining Rent Supplement and RAP contracts will convert via RAD by the end of FY18, leaving fewer than 1,000 units in the portfolio.

The Homeownership and Opportunity for People Everywhere Program, funded from 1992-1995, provided affordable homeownership opportunities for low-income families. Units were converted to homeownership from public and Indian housing properties in HOPE I, from FHA-insured and Government-held multifamily properties in HOPE II, and from Government-owned or -held single family properties in HOPE III. HOPE Grants were used for property acquisition, rehabilitation, mortgage subsidies, security measures, and technical assistance. In addition, grants have been devoted to counseling and training of residents, and other activities intended to help them become economically self-sufficient homeowners.

The Flexible Subsidy Fund assisted financially troubled subsidized projects under certain Federal Housing Administration (FHA) authorities. The subsidies were intended to prevent potential losses to the FHA fund resulting from project insolvency and to preserve these projects as a viable source of housing for low and moderate-income tenants. Priority was given to projects with Federal insurance-in-force and then to those with mortgages that had been assigned to the Department of Housing and Urban Development.

The HOPE for Homeowners program was created by the Housing and Economic Recovery Act of 2008 to help homeowners at risk of default and foreclosure refinance into affordable, sustainable loans. Under the Program, eligible homeowners refinanced their current mortgage loans into a new mortgage insured by FHA. The program ended on September 30, 2011. This account now only reflects the liquidation of prior year obligations. In 2016, excess HOPE Bond proceeds in the amount of \$455 million were transferred to the HOPE Reserve Fund, and used to retire the HOPE Bonds. Remaining HOPE Bond activity is shown in the HOPE Reserve Fund.

The Federal Housing Administration (FHA) provides mortgage insurance to encourage lenders to make credit available to borrowers for whom the conventional market does not adequately serve. These include first-time homebuyers, minorities, lower-income families, and residents of underserved areas (central cities and rural areas). In recent years, FHA has also provided broad access to credit as conventional financing became scarce.

In 2018, the Budget requests a limitation of \$400 billion on loan guarantees for the Mutual Mortgage Insurance (MMI) Fund. The Budget projects insurance of \$213.9 billion in single family forward mortgages and \$14.8 billion in Home Equity Conversion Mortgages (HECMs) with additional commitment authority available in case these amounts are exceeded during execution.

The Budget requests an appropriation of \$160 million in administrative expenses, which will allow FHA to implement improved risk management and program support processes which are critical for FHA's oversight of its insured portfolio. The Budget also requests authority to charge lenders an administrative support fee on a prospective basis with a sunset expiration date, which would generate an estimated \$30 million in offsetting collections in this account. These additional resources will fund enhancements needed for administrative contract support and information technology upgrades, with a focus on expanding FHA's risk management tools to help reduce losses to the MMI fund. The Budget allows for a transfer of up to \$30 million from this account to the Office of Housing's Salaries and Expenses account and the Information Technology Fund, to be used for these purposes.

The Capital Reserve account is the ultimate depository for all net budgetary resources collected by the Mutual Mortgage Insurance (MMI) Fund programs. Negative credit subsidy receipts from new loan guarantees and downward re-estimates as well as interest earnings on Treasury investments are recorded in this account. This account has no authority to obligate funds but transfers balances of budget authority as necessary for the cost of upward credit subsidy re-estimates to the MMI Program Account.

FHA's General Insurance and Special Risk Insurance (GI/SRI) programs provide mortgage insurance for a variety of purposes, including financing for the development and rehabilitation of multifamily housing, residential care facilities and hospitals. The Budget requests a limitation of \$30 billion on loan guarantees for the GI/SRI Fund. It does not request an appropriation of new credit subsidy funds.

The National Manufactured Housing Construction and Safety Standards Act of 1974, as amended, authorizes the development and enforcement of appropriate standards for the construction, design, installation, and performance of manufactured homes to assure their quality, durability, affordability, and safety. All manufactured homes produced since the standards took effect in 1976 must comply with Federal construction and safety standards. Thirty-six States participate in the program under HUD-approved State compliance plans and are reimbursed by HUD for their activities. HUD administers a compliance program for the remaining 14 states.

HUD administers the Manufactured Housing Consensus Committee to recommend revisions to and interpretations of the manufactured housing standards and regulations. HUD also develops and implements model standards for installation of manufactured housing, as well as an installation enforcement program. HUD administers installation enforcement programs in 14 states and oversees HUD-approved programs in 36 states. Finally, HUD administers a dispute resolution program for manufactured housing homeowners, retailers, installers, and manufacturers in 25 states and oversees HUD-approved dispute resolution programs in 25 states.

Fees are charged to the manufacturers for each transportable section produced to offset the expenses incurred by the Department in carrying out the responsibilities under the authorizing legislation. The Budget proposes to fund the costs of authorized activities with an estimated \$11 million in fees to ensure HUD is able to fund all of its statutory requirements.

GOVERNMENT NATIONAL MORTGAGE ASSOCIATION

The Government National Mortgage Association (GNMA) was established by Federal charter in 1968. It is a wholly owned government corporation within the U.S. Department of Housing and Urban Development (HUD). It was established to support Federal housing initiatives by providing liquidity to the secondary mortgage market and to attract capital from the global capital markets for the nation's mortgage markets. Its primary function is to guarantee the timely payment of principal and interest on Mortgage-Backed Securities (MBS) that are backed by loans insured or guaranteed by the Federal Housing Administration (FHA), the Department of Veterans Affairs (VA), Rural Development in the U.S. Department of Agriculture, and HUD's Office of Public and Indian Housing.

In 2013, a Capital Reserve Account was established for the Government National Mortgage Association (GNMA). Financial reserves of GNMA were transferred from the Reserve Receipt and Liquidating Accounts to the Capital Reserve Account. This mandatory account earns interest on Treasury investments and is the eventual depository for all budgetary resources collected by GNMA including negative subsidy receipts from new security guarantees, downward re-estimates, and loan repayments from the Financing Account. This account has no authority to obligate funds but transfers resources to the GNMA Program Account as necessary for mandatory spending authorized in that account.

The Budget requests loan commitment authority of \$500 billion in 2018. The Budget also requests \$25.4 million for the personnel costs of the Government National Mortgage Association (GNMA), to be offset by Commitment and Multiclass fees. Before 2012, personnel expenses were funded in the "Office of Government National Mortgage Association" appropriation under the Management and Administration section of the HUD budget. This funding level will enable GMNA to keep pace with growing demands and respond to the complexities of the current market, including a growing number of security issuers and the entry of new types of issuer firms, such as non-depository institutions.

The Housing and Urban Development Act of 1970 directs the Secretary to undertake programs of research, studies, testing, and demonstrations related to HUD's mission. These functions are carried out by HUD's Office

RESEARCH AND TECHNOLOGY—Continued

of Policy Development and Research (PD&R) through in-house analysis by staff; contracts with industry, nonprofit research organizations, and educational institutions; and cooperative agreements with educational, governmental, and philanthropic entities.

The 2018 Budget requests \$85 million for HUD's Research and Technology (R&T) program. R&T investments support HUD's enterprise-wide commitment to integrate evidence and cross-disciplinary intelligence throughout program policy, management, and operations. The request consists of \$50 million for core research support, surveys, data infrastructure, and knowledge management (i.e., research dissemination); \$10 million for research, evaluations, and demonstrations; and \$25 million for technical assistance.

The Budget funds several national housing surveys that are rich sources of data on the nation's housing stock, including the American Housing Survey, the Survey of New Home Sales and Completions, the Survey of Market Absorption of Multifamily Units, the Survey of New Manufactured Housing Placements, and the Rental Housing Finance Survey. Also included in the request is funding for research priorities established in the 2017 update of HUD's Research Roadmap, including the long-term commitment to evaluate Moving-to-Work policy initiatives and expansion.

Centralized technical assistance through the R&T account enables HUD to support its partners with better coordinated, cross-program TA rather than the conventional, program-oriented technical assistance. Because HUD's mission for affordable housing and community development is carried out in a complex community environment, the more comprehensive approach is valuable for helping grantees, PHAs, and other partners implement programs in an informed, aligned, and holistic way.

The Budget requests \$65.3 million for fair housing activities to support efforts to end housing discrimination. Of the amount requested, \$24.3 million is for the Fair Housing Assistance Program (FHAP), \$39.2 million is for the Fair Housing Initiatives Program (FHIP), \$1.5 million is for the National Fair Housing Training Academy (NFHTA), and \$350 thousand is for the Limited English Proficiency Initiative (LEPI).

FHAP, authorized by Title VIII of the Civil Rights Act of 1968, as amended, provides funding to State and local agencies to assure prompt and effective processing of complaints under substantially equivalent State and local fair housing laws. To be eligible for assistance through FHAP, an agency must administer a fair housing law that HUD has certified as substantially equivalent to the federal Fair Housing Act. It is estimated that there will be a total of 85 FHAP jurisdictions in 2018. The funding requested for FHAP supports intergovernmental partnerships by funding State and local agencies to perform local fair housing enforcement. It also addresses the national and ongoing problem of discrimination against minority homebuyers and renters, as identified in the 2012 Housing Discrimination Against Racial and Ethnic Minorities Study, and directly supports HUD's mission to create strong, inclusive communities free from discrimination.

FHIP, authorized by the Housing and Community Development Act of 1987, as amended by the Housing and Community Development Act of 1992, provides funding to States and local governments, and to public and private non-profit organizations that administer programs to prevent or eliminate discriminatory housing practices through enforcement, education, and outreach. HUD's grants will support some 155 national and local fair housing organizations working to confront violations of the nation's land-

mark Fair Housing Act. These grants allow the organizations to provide fair housing enforcement through testing in the rental and sales markets, to file fair housing complaints to HUD, and to conduct investigations. Finally, the education and outreach activities these organizations conduct also help to educate the public, housing providers, and local governments about their rights and responsibilities under the Fair Housing Act.

The NFTHA provides comprehensive fair housing and civil rights training for investigators, local agencies, educators, attorneys, industry representatives and other housing industry professionals.

LEPI provides funds for oral interpretation and written translation services, which help make fair housing programs and activities accessible to people who are not proficient in English.

Title X of the Housing and Community Development Act of 1992 (Public Law 102–550), known as the Residential Lead-Based Paint Hazard Reduction Act, authorized the Secretary to establish the Lead-Based Paint Hazard Control Grant Program. The primary purpose of the program is to reduce the exposure of young children to lead-based paint and other environmental hazards in their homes, including protecting them from permanent developmental problems and asthma, and exposure to pesticides and carbon monoxide.

The program plays a critical role in addressing the number one environmental disease impacting children: lead poisoning. The Budget request of \$130 million includes \$100 million for HUD's Lead Hazard Control Program, \$25 million for the Healthy Homes Program, and \$5 million for lead-based paint technical studies and support. The Budget includes an appropriations provision that would allow the transfer of unobligated balances and recaptured funds from undersubscribed competitive programs to other competitive programs experiencing oversubscription.

The Lead Hazard Control Grant Program provides grants of \$1 million to \$3 million to State and local governments and Indian tribes for control of lead-based paint hazards in pre-1978 private low-income rental and owner-occupied housing. The grants are also designed to facilitate the development of a housing maintenance and rehabilitation workforce trained in lead-safe work practices and a certified hazard evaluation and control industry. In awarding grants, HUD promotes the use of new, low-cost approaches to hazard control that can be replicated across the nation.

The Healthy Homes Program enables the Department to assess and control housing-related hazards that contribute to childhood diseases and injuries. With funding from this program, grantees implement and evaluate methods for controlling two or more housing-related diseases through a single intervention. In addition, healthy homes funding is used to provide technical support and training; assist in completion of national surveys; and conduct education and outreach to help State, local and non-governmental agencies, housing industry stakeholders, and the public understand the health and housing relationship and identify and address housing-related health and safety hazards.

The Office of Lead Hazard Control and Healthy Homes will continue its lead-based paint technical studies and support activities, which include public education; support for State and local agencies, private property owners, HUD programs and field offices and professional organizations; technical studies to improve program policy and implementation; quality control to ensure that the evaluation and control of lead-based paint hazards is done properly in HUD-assisted housing; and development of standards, technical guidance, regulations and improved testing and hazard control methods.

The Transformation Initiative (TI) was initiated in 2010 to increase the effectiveness of HUD's program and service delivery, improve program outcomes, and enable innovative approaches to address the Nation's housing and urban development problems. A central concept of TI was to make the Department's investments increasingly coordinated, efficient, and effective through focused investments in three complementary purposes: 1) research and evaluation, 2) program demonstrations, and 3) technical assistance for HUD's customers and partners. The Budget does not request funding or transfer authority for the Transformation Initiative. Instead, funding for these activities are requested in the Research and Technology Account.

GENERAL PROVISIONS—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

(INCLUDING TRANSFER OF FUNDS)

(INCLUDING RESCISSIONS)

SEC. 201. SECTION 8 SAVINGS.—Section 1012(b) of the Stewart B. McKinney Homeless Assistance Amendments Act of 1988 (42 U.S.C. 1437f note) is amended to read as follows:

"Fifty percent of the amounts of budget authority, or in lieu thereof 50 percent of the cash amounts associated with such budget authority, that are recaptured from projects described in section 1012(a) of the Stewart B. McKinney Homeless Assistance Amendments Act of 1988 (42 U.S.C. 1437 note) shall be cancelled or in the case of cash, shall be remitted to the Treasury, and such amounts of budget authority or cash recaptured and not cancelled or remitted to the Treasury shall be used by State housing finance agencies or local governments or local housing agencies with projects approved by the Secretary of Housing and Urban Development for which settlement occurred after January 1, 1992, in accordance with such section. Notwithstanding the previous sentence, the Secretary may award up to 15 percent of the budget authority or cash recaptured and not cancelled or remitted to the Treasury to provide project owners with incentives to refinance their project at a lower interest rate."

SEC. 202. None of the amounts made available under this Act may be used during fiscal year 2018 to investigate or prosecute under the Fair Housing Act any otherwise lawful activity engaged in by one or more persons, including the filing or maintaining of a nonfrivolous legal action, that is engaged in solely for the purpose of achieving or preventing action by a Government official or entity, or a court of competent jurisdiction.

SEC. 203. Except as explicitly provided in law, any grant, cooperative agreement or other assistance made pursuant to title II of this Act shall be made on a competitive basis and in accordance with section 102 of the Department of Housing and Urban Development Reform Act of 1989 (42 U.S.C. 3545).

SEC. 204. GNMA AMENDMENT.—Section 7 of the Department of Housing and Urban Development Act (42 U.S.C. 3535) is amended by adding at the end the following new subsection:

"(u)(1) Funds of the Department of Housing and Urban Development subject to the Government Corporation Control Act or section 402 of the Housing Act of 1950 shall be available, without regard to the limitations on administrative expenses, for legal services on a contract or fee basis, and for utilizing and making payment for services and facilities of the Federal National Mortgage Association, Government National Mortgage Association, Federal Home Loan Mortgage Corporation, Federal Financing Bank, Federal Reserve banks or any member thereof, Federal Home Loan banks, and any insured bank within the meaning of the Federal Deposit Insurance Corporation Act, as amended (12 U.S.C. 1811-1)."

SEC. 205. Corporations and agencies of the Department of Housing and Urban Development which are subject to the Government Corporation Control Act are hereby authorized to make such expenditures, within the limits of funds and borrowing authority available to each such corporation or agency and in accordance with law, and to make such contracts and commitments without regard to fiscal year limitations as provided by section 104 of such Act as may be necessary in carrying out the programs set forth in the budget for 2016 for such corporation or agency except as hereinafter provided: Provided, That collections of these corporations and agencies may be used for new loan or mortgage purchase commitments only to the extent expressly provided for in this Act (unless such loans are in support of other forms of assistance provided for in this or prior appropriations Acts), except that this proviso shall not apply to the mortgage insurance or guaranty operations of these corporations, or where loans or mortgage purchases are necessary to protect the financial interest of the United States Government.

SEC. 206. TRANSFERS OF ASSISTANCE, DEBT, AND USE RESTRICTIONS.

(a) AUTHORITY.—

Notwithstanding any other provision of law, subject to the conditions listed under this section, for fiscal years 2018 and 2019, the Secretary of Housing and Urban Development may authorize the transfer of some or all project-based assistance, debt held or insured by the Secretary and statutorily required low-income and very low-income use restrictions if any, associated with one or more multifamily housing project or projects to another multifamily housing project or projects.

(b) PHASED TRANSFERS.—Transfers of project-based assistance under this section may be done in phases to accommodate the financing and other requirements related to rehabilitating or constructing the project or projects to which

the assistance is transferred, to ensure that such project or projects meet the standards under subsection (c).

(c) **CONDITIONS.**—The transfer authorized in subsection (a) is subject to the following conditions:

(1) **NUMBER AND BEDROOM SIZE OF UNITS.**—

(A) For occupied units in the transferring project: The number of low-income and very low-income units and the configuration (i.e., bedroom size) provided by the transferring project shall be no less than when transferred to the receiving project or projects and the net dollar amount of Federal assistance provided to the transferring project shall remain the same in the receiving project or projects.

(B) For unoccupied units in the transferring project: The Secretary may authorize a reduction in the number of dwelling units in the receiving project or projects to allow for a reconfiguration of bedroom sizes to meet current market demands, as determined by the Secretary and provided there is no increase in the project-based assistance budget authority.

(2) The transferring project shall, as determined by the Secretary, be either physically obsolete or economically nonviable.

(3) The receiving project or projects shall meet or exceed applicable physical standards established by the Secretary.

(4) The owner or mortgagor of the transferring project shall notify and consult with the tenants residing in the transferring project and provide a certification of approval by all appropriate local governmental officials.

(5) The tenants of the transferring project who remain eligible for assistance to be provided by the receiving project or projects shall not be required to vacate their units in the transferring project or projects until new units in the receiving project are available for occupancy.

(6) The Secretary determines that this transfer is in the best interest of the tenants.

(7) If either the transferring project or the receiving project or projects meets the condition specified in subsection (d)(2)(A), any lien on the receiving project resulting from additional financing obtained by the owner shall be subordinate to any FHA-insured mortgage lien transferred to, or placed on, such project by the Secretary, except that the Secretary may waive this requirement upon determination that such a waiver is necessary to facilitate the financing of acquisition, construction, and/or rehabilitation of the receiving project or projects.

(8) If the transferring project meets the requirements of subsection (d)(2), the owner or mortgagor of the receiving project or projects shall execute and record either a continuation of the existing use agreement or a new use agreement for the project where, in either case, any use restrictions in such agreement are of no lesser duration than the existing use restrictions.

(9) The transfer does not increase the cost (as defined in section 502 of the Congressional Budget Act of 1974, as amended) of any FHA-insured mortgage, except to the extent that appropriations are provided in advance for the amount of any such increased cost.

SEC. 209. Notwithstanding any other provision of law, in fiscal year 2018, in managing and disposing of any multifamily property that is owned or has a mortgage held by the Secretary of Housing and Urban Development, and during the process of foreclosure on any property with a contract for rental assistance payments under section 8 of the United States Housing Act of 1937 or other Federal programs, the Secretary shall maintain any rental assistance payments under section 8 of the United States Housing Act of 1937 and other programs that are attached to any dwelling units in the property. To the extent the Secretary determines, in consultation with the tenants and the local government, that such a multifamily property owned or held by the Secretary is not feasible for continued rental assistance payments under such section 8 or other programs, based on consideration of (1) the costs of rehabilitating and operating the property and all available Federal, State, and local resources, including rent adjustments under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 ("MAHRAA") and (2) environmental conditions that cannot be remedied in a cost-effective fashion, the Secretary may, in consultation with the tenants of that property, contract for project-based rental assistance payments with an owner or owners of other existing housing properties, or provide other rental assistance. The Secretary shall also take appropriate steps to ensure that project-based contracts remain in effect prior to foreclosure, subject to the exercise of contractual abatement remedies to assist relocation of tenants for imminent major threats to health and safety after written notice to and informed consent of the affected tenants and use of other available remedies, such as partial abatements or receivership. After disposition of any multifamily property described under this section, the contract and allowable rent levels on such properties shall be subject to the requirements under section 524 of MAHRAA.

SEC. 210. No official or employee of the Department of Housing and Urban Development shall be designated as an allotment holder unless the Office of the Chief Financial Officer has determined that such allotment holder has implemented an adequate system of funds control and has received training in funds control procedures and directives. The Chief Financial Officer shall ensure that there is a trained allotment holder for each HUD appropriation under the accounts "Executive Offices" and "Administrative Support Offices," as well as each account receiving appropriations under the general heading "Program Office Salaries and Expenses", and "Government National Mortgage Association—Guarantees of Mortgage-Backed Securities Loan Guarantee Program Account" within the Department of Housing and Urban Development.

SEC. 211. The Secretary of the Department of Housing and Urban Development shall, for fiscal year 2018, notify the public through the Federal Register and other means, as determined appropriate, of the issuance of a notice of the availability of assistance or notice of funding availability (NOFA) for any program or discretionary fund administered by the Secretary that is to be competitively awarded. Notwithstanding any other provision of law, for fiscal year 2018, the Secretary may make the NOFA available only on the Internet at the appropriate Government web site or through other electronic media, as determined by the Secretary.

SEC. 212. The Secretary is authorized to transfer up to 20 percent or \$6,000,000, whichever is less, of funds appropriated for any office under the heading "Administrative Support Offices" or for any account under the general heading "Program Office Salaries and Expenses" to any other such office or account: Provided, That no appropriation for any such office or account shall be increased or decreased by more than 20 percent or \$6,000,000, whichever is less, without prior written approval of the House and Senate Committees on Appropriations.

SEC. 213. (a) Any entity receiving housing assistance payments shall maintain decent, safe, and sanitary conditions in good repair, as determined by the Secretary of Housing and Urban Development (in this section referred to as the "Secretary"), and comply with any standards under applicable State or local laws, rules, ordinances, or regulations relating to the physical condition of any property covered under a housing assistance payment contract.

The requirements in this section shall apply to insured and noninsured projects with assistance attached to the units under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f), but do not apply to such units assisted under section 8(o)(13) (42 U.S.C. 1437f(o)(13)) of such Act or to public housing units assisted with capital or operating funds under section 9 (42 U.S.C. 1437g) of such Act.

(b) The Secretary may take action under subsection (c) when a multifamily housing project with a section 8 contract or contract for similar project-based assistance:

- (1) receives a Uniform Physical Condition Standards (UPCS) score of 59 or less;
- (2) fails to certify in writing to the Secretary within 3 business days that all Exigent Health and Safety deficiencies and all Health and Safety deficiencies identified by the inspector at the project have been corrected; or
- (3) fails to meet UPCS or local code requirements that establish standards for decent, safe, and sanitary housing.

(c) (1) If the Secretary decides to take action based on a deficiency listed in subsection (b), the Secretary must provide the owner with a Notice of Default with a specified timetable, determined by the Secretary, for correcting all deficiencies. The Secretary must also provide a copy of the Notice of Default to the tenants, the local government, any mortgagees, and any contract administrator. If the owner's appeal results in a UPCS score of 60 or above, the Secretary may withdraw the Notice of Default.

(2) At the end of the time period for correcting all deficiencies specified in the Notice of Default, if the owner fails to fully correct such deficiencies, the Secretary may—

- (A) require immediate replacement of project management with a management agent approved by the Secretary;
- (B) impose civil money penalties;
- (C) abate the section 8 contract, including partial abatement, as determined by the Secretary, until all deficiencies have been corrected;
- (D) pursue transfer of the project to an owner, approved by the Secretary under established procedures, which will be obligated to promptly make all required repairs and to accept renewal of the assistance contract as long as such renewal is offered;
- (E) pursue exclusionary sanctions, including suspensions or debarments from Federal programs;
- (F) seek judicial appointment of a receiver to manage the property and cure all project deficiencies or seek a judicial order of specific performance requiring the owner to cure all project deficiencies;
- (G) work with the owner, lender, or other related party to stabilize the property in an attempt to preserve the property through compliance, transfer of ownership, or an infusion of capital provided by a third-party that requires time to effectuate; or

(H) take any other regulatory or contractual remedies available as deemed necessary and appropriate by the Secretary.

(d) The Secretary shall report quarterly on all properties covered by this section that are assessed through the Real Estate Assessment Center and have UPCS physical inspection scores of less than 60 or have received an unsatisfactory management and occupancy review within the past 36 months. The report shall include—

- (1) the enforcement actions being taken to address such conditions, including imposition of civil money penalties and termination of subsidies, and identify properties that have such conditions multiple times; and
- (2) actions that the Secretary is taking to protect tenants of such identified properties.

SEC. 214. None of the funds made available by this Act, or any other Act, for purposes authorized under section 8 (only with respect to the tenant-based rental assistance program) and section 9 of the United States Housing Act of 1937 (42 U.S.C. 1437 et seq.), may be used by any public housing agency for any amount of salary, including bonuses, for the chief executive officer of which, or any other official or employee of which, that exceeds the annual rate of basic pay payable for a position at level IV of the Executive Schedule at any time during any public housing agency fiscal year 2018.

SEC. 215. The Secretary may elect, through notice, not to require or enforce the Physical Needs Assessment (PNA) for public housing units.

SEC. 216. None of the funds made available in this Act shall be used by the Federal Housing Administration, the Government National Mortgage Administration, or the Department of Housing and Urban Development to insure, securitize, or establish a Federal guarantee of any mortgage or mortgage backed security that refinances or otherwise replaces a mortgage that has been subject to eminent domain condemnation or seizure, by a State, municipality, or any other political subdivision of a State.

SEC. 217. Amounts made available under this Act which are either appropriated, allocated, advanced on a reimbursable basis, or transferred to the Office of Policy Development and Research in the Department of Housing and Urban Development and functions thereof, for research, evaluation, or statistical purposes, and which are unexpended at the time of completion of a contract, grant, or cooperative agreement, may be deobligated and shall immediately become available and may be reobligated in that fiscal year or the subsequent fiscal year for the research, evaluation, or statistical purposes for which the amounts are made available to that Office.

SEC. 218. Employees of the Department of Housing and Urban Development who are subject to administrative discipline in fiscal year 2018, including suspension from work, shall not receive awards (including performance, special act, or spot) for the remainder of fiscal year 2018 after the effective date of the disciplinary action.
