DOT Favors Rural Infrastructure with New TIGER Grants

The Department of Transportation has awarded about half a billion dollars in discretionary funding to 41 road, transit, maritime and rail projects through the Transportation Investment Generating Economic Recovery, or TIGER, program. More than 64 percent of the money went to rural projects, a departure from fiscal 2016 awards, which were partial to urban projects.

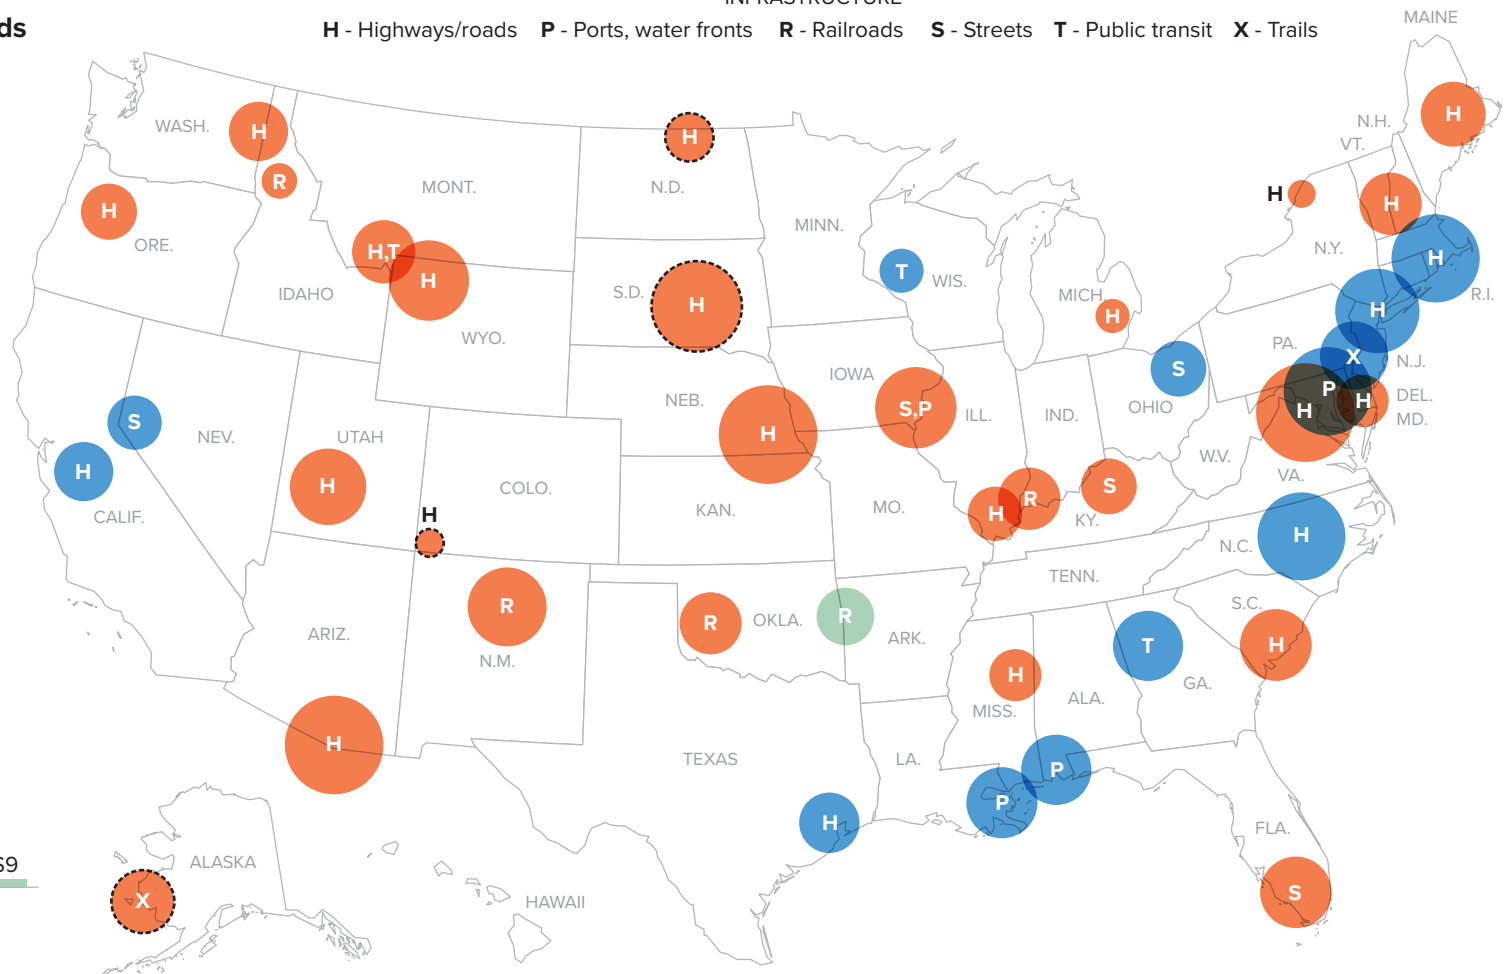

TIGER project awards

MILLIONS OF DOLLARS

INFRASTRUCTURE
H - Highways/roads **P** - Ports, water fronts **R** - Railroads **S** - Streets **T** - Public transit **X** - Trails
