The Anchorage arrival information is below. The time might change based on the plan for the day, but Rusty and Aaron can let us know if that's the case.

Tim - just want to make sure you had updated everyone with the new departure airport as KA06 now rather than INR. I am sure you have but just wanted to make sure.

As you can see from the email chain below, the charter flight taking Secretary Zinke and his team from Denali NP to Anchorage on May 29th has been cancelled. I was not provided any additional information as to why this was cancelled.

As for any other details of his two day trip to Denali, I have no information if any of that has changed. As you all know through dialogue this weekend, I was only coordinating the charter flight for May 29th.

Thanks.

Hi Shari,

I was at the AK DOI RD's meeting yesterday and learned that the flight was cancelled because Sec. Zinke's wife was going to travel with him and there was no way to do that with the SES SOL approval. They ended up driving which added about 6 hours to the trip.

I just thought I would pass that on in case you had not heard that.  
Take care,  
Kevin
