Governor Newsom,

We are the nation's gig workers. We want to work flexibly, without shifts and the limits of traditional jobs. But we also want to unlock a guaranteed minimum wage; worker's compensation & other portable benefits; civil rights protections; and a seat at the table. There's a deal that's been offered to do just that. But conversations have stalled. Will you help?

Sincerely,

Paid for by Postmates | www.postmates.com/impact | press@postmates.com
