Re: *In the Matter of Chantell and Michael Sackett*, Amended Administrative Compliance Order,
Docket No. CWA-10-2008-0014

Dear Chantell and Michael Sackett:

I write to inform you that the United States Environmental Protection Agency (EPA) hereby withdraws the amended administrative compliance order (ACO) that was issued to you on May 15, 2008 related to your property located at 1604 Kalispell Bay Road in Bonner County, Idaho (herein after referred to as the "Site").

On May 15, 2008, the EPA issued an ACO in connection with the alleged unauthorized placement of fill material into wetlands at the Site in April and May of 2007. You challenged the EPA's issuance of the ACO and several years ago the EPA decided to no longer enforce the ACO against you. Given the passage of time and the fact that the EPA's enforcement case is not active, the EPA is withdrawing the ACO. Under these circumstances, the EPA does not intend to issue a similar order to you in the future for this Site.

Sincerely,

Susan Parker Bodine

cc: Chris Hladic, Regional Administrator, EPA Region 10
