

THE SECRETARY OF THE INTERIOR
WASHINGTON

NOV 09 2020

The Honorable Lisa Murkowski
Chairman, Committee on Energy
and Natural Resources
United States Senate
Washington, DC 20510

Dear Chairman Murkowski:

On August 4, 2020, President Donald J. Trump signed the Great American Outdoors Act (Act) into law (P.L. 116-152). This landmark legislation represents a tremendous commitment to repair degraded infrastructure at our national parks, Indian schools, wildlife refuges, and other public lands. In addition, the Act included full funding of the Land and Water Conservation Fund (LWCF), which is “available without further appropriation or fiscal year limitation, to carry out the purposes of the Fund . . .” This is an unprecedented funding commitment for recreation and conservation, and it finally fulfills an unmet promise of the Land and Water Conservation Fund Act of 1965.

Section 3(c) of the Act provides that “[t]he President shall submit to Congress detailed account, program, and project allocations of the full amount made available . . . for fiscal year 2021, not later than 90 days after the date of enactment of the Great American Outdoors Act . . .” On November 9, 2020, President Trump authorized the Secretaries of the Interior and Agriculture to submit, for their respective agencies, the cost estimates required by 54 U.S.C. 200303 (c) (1) (A), as amended by section 3 (a) of the Act, and annually as required by 54 U.S.C. 200303 (c) (4), as amended by Section 3 (a) of the Act. A copy of the delegation is enclosed.

Pursuant to the President’s delegation, we have enclosed the account, program, and project allocations for fiscal year 2021:

Similar letters are being sent to the Chairs and Ranking Members of the Senate Committee on Energy and Natural Resources, Senate Committee on Appropriations, House Committee on Natural Resources, and House Committee on Appropriations.

Sincerely,

Secretary of the Interior
