Tiber Creek Group Adds Corey Malmgren and John Twomey to Its Premier Healthcare Practice

Washington, DC – Tiber Creek Group, a Washington D.C.-based bipartisan government relations firm, today announced the addition of Corey Malmgren and John Twomey to its premier healthcare practice. The announcement comes as Tiber Creek Group rebrands from its previous name of Peck Madigan Jones, reinforcing its commitment to providing best-in-class service—starting with a best-in-class team.

“We are thrilled to welcome Corey and John to the firm,” said Tiber Creek Group managing partner Jonathon Jones. “Our collaborative, team-based culture is embedded in everything we do and integral to our success, and we’re excited to be joined by these talented individuals. Corey and John each have a wealth of knowledge and strong relationships that will provide immediate value to our clients in the healthcare space.”

Corey Malmgren brings a long history of biopharmaceutical and healthcare expertise to Tiber Creek Group. Most recently, she was the Executive Director of U.S. Policy and Government Relations at Merck. Prior to that role, Malmgren served as Health Counsel and Deputy Legislative Director to Senator Bill Nelson (D-FL), providing counsel on a range of regulatory issues related to Medicare, Medicaid, and the Affordable Care Act.

“Peck Madigan Jones has a proven track record of success in developing and executing winning strategies on behalf of its clients,” Malmgren said. “I experienced this firsthand while working at Merck, and I am excited to be coming aboard at this pivotal moment as the firm adopts the Tiber Creek Group name and further grows its healthcare practice.”

John Twomey joins Tiber Creek Group following several key roles with the U.S. Department of Health and Human Services (HHS), most recently as Chief of Staff in the Office of the Assistant Secretary for Legislation. Prior to his time with HHS, Twomey worked in the office of Rep. Tom Price (R-GA). His experience and relationships with key Members of Congress and his deep knowledge of the inner workings of HHS will provide clients with insights and strategies needed to influence health policy development.

“I am happy to have the opportunity to utilize my broad experience at HHS to work with our clients and help with their most pressing challenges,” said Twomey. “I couldn’t have asked for a more welcoming team as I make this transition, and I’m proud to be joining the accomplished individuals at Tiber Creek Group.”

The addition of Malmgren and Twomey will expand the scope and scale of premium advocacy services Tiber Creek Group offers its clients to navigate the complexities of an ever-changing health policy landscape.
