

**TO:** Joint Budget Oversight Committee

**FROM:** Lynn Azarchi, Acting Director, Office of Management and Budget  
Daniel J. Kelly, Executive Director, Governor's Disaster Recovery Office

**DATE:** January 17, 2023

**SUBJECT:** Notice of State Fiscal Recovery Fund Program Allocations

Pursuant to the Federal Funds language on page 260 of the FY22 Appropriations Act, the Administration provides this notice for the 46 programs listed below that are funded by the federal "Coronavirus State Fiscal Recovery Fund" (SFRF) established pursuant to the federal "American Rescue Plan Act of 2021," Pub. L. 117-2. Accordingly, enumerated below are the programs that have been implemented from the \$200 million SFRF available to the State New Jersey from Senate Bill 2022 (P.L.2021, c.133). The Governor's Disaster Recovery Office has reviewed the programs to determine and document eligibility under the U.S. Treasury SFRF guidance.

**1. Department of Labor, Return & Earn Program: \$10,000,000**

\$10 million to the Department of Labor and Workforce Development ("DLWD") to create the Return and Earn Program. DLWD intends to use the funds to provide subsidized employment and job training designed to help New Jerseyans return to work and to assist small employers to fill positions.

*U.S. Treasury SFRF Eligibility:* To promote employment and job training in response to the negative economic impacts of COVID-19 is an eligible use pursuant to 31 C.F.R. §35.6(b)(4) as set forth in the U.S. Department of the Treasury's Interim Final Rule<sup>1</sup> ("IFR"). The following U.S. Treasury allowable "Expenditure Categories" (EC) are applicable: Negative Economic Impacts - Assistance to Households (EC2), Assistance to Unemployed or Underemployed Workers (e.g., job training, subsidized employment, employment supports or incentives).

**2. Economic Development Authority, Sustain & Serve Program: \$10,000,000**

\$10 million to the New Jersey Economic Development Authority to create the Sustain & Serve New Jersey Program ("SSNJ") to continue its COVID-related aid to the nonprofit organizations. The program provides nonprofits with grants between \$100,000 to \$2 million to purchase meals from New Jersey-based restaurants that have been negatively impacted by COVID-19 and distribute the meals for free to the community.

*U.S. Treasury SFRF Eligibility:* To continue to fund SSNJ (phase 3) program which provides support to nonprofit organizations during the COVID-19 public health emergency is an eligible use pursuant to 31 C.F.R. §35.6(b)(3)(ii)(C). The following U.S. Treasury allowable "Expenditure Categories" (EC) are applicable: Negative Economic Impacts - Assistance to Non-Profits (EC2), Assistance to Impacted Nonprofit Organizations (Impacted or Disproportionately Impacted).

**3. Department of Human Services, Excluded New Jerseyans Phase I: \$10,000,000**

---

<sup>1</sup> U.S. Department of the Treasury's State and Local Fiscal Recovery Fund Interim Final Rule (IFR) was used to determine program eligibility prior to April 1, 2022. The IFR can be found here: [Interim Final Rule \(treasury.gov\)](https://www.treasury.gov/interim-final-rule) Effective April 1, 2022, the U.S. Department of the Treasury made final the Interim Rule with amendments that expanded eligibility criteria, among other notable changes.

\$10 million to the Department of Human Services (“DHS”) to create the Excluded New Jerseyans Fund (“ENJF”) to assist low-income NJ households who are excluded from other COVID relief programs.

*U.S. Treasury SFRF Eligibility:* To be used for household assistance, including cash payments to households facing negative economic impacts from the pandemic are eligible uses pursuant to 31 C.F.R. 35.6(b)(8) as set forth in the IFR. The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Negative Economic Impacts – Assistance to Households (EC2), Unemployment Benefits or Cash Assistance to Unemployed Workers.

#### **4. Department of Human Services Excluded New Jerseyans Phase II: \$10,000,000**

\$10 million to assist additional low-income NJ households who are excluded from other COVID relief programs.

*U.S. Treasury SFRF Eligibility:* To be used for household assistance, including cash payments to households facing negative economic impacts from the pandemic are eligible uses pursuant to 31 C.F.R. 35.6(b)(8). The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Negative Economic Impacts – Assistance to Households (EC2), Unemployment Benefits or Cash Assistance to Unemployed Workers.

#### **5. City of Long Branch Public Health Infrastructure: \$2,000,000**

\$2 million to the Long Branch Health Monitoring and Telecommunication Center to house the City of Long Branch’s Health Department and accommodate testing, vaccination, contact tracing, and educational resources for public health. In conjunction with Monmouth Medical Center, it will also include amenities for wellness, mental and behavioral health, and telehealth training programs for health professionals and patients throughout New Jersey.

*U.S. Treasury SFRF Eligibility:* To provide vaccination programs, awareness, and access to treatment and technology due to the COVID-19 public health emergency is an eligible use pursuant to 31 C.F.R. §35.6(b)(1)(ii) and (iv) as set forth in the IFR. The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health - Other (EC1), Capital Investments or Physical Plant Changes to Public Facilities that respond to the COVID-19 public health emergency.

#### **6. Trinitas Hospital: \$1,000,000**

\$1 million to Trinitas Medical Center to expand the inpatient unit for adults who suffer from a dual disorder (intellectual/development disorder and a major psychiatric disorder).

*U.S. Treasury SFRF Eligibility:* To support a 12-bed expansion of the Behavior Health Department’s inpatient unit for adults to isolate or quarantine individuals and to provide mental health and behavior services is an eligible use pursuant to 31 C.F.R. §35.6(b)(1)(xiii) and (xviii) as set forth in the IFR. The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health – Behavior Health (EC1), Mental Health Services.

#### **7. Atlantic Health Overlook Hospital: \$1,000,000**

\$1 million to Overlook Medical Center to address significant mechanical infrastructure needs that will critically limit airborne contaminants during the COVID-19 public health emergency.

*U.S. Treasury SFRF Eligibility:* Funds used to cover capital improvements (e.g., ventilation systems in Emergency Department, Pediatrics, Intensive Care Units, Operating rooms, and patient bed floors) are an eligible use pursuant to 31 C.F.R. §35.6(b)(1)(v) and (xvi) as set forth in the IFR. The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health - Other (EC1), Capital Investments or Physical Plant Changes to Public Facilities that respond to the COVID-19 public health emergency.

**8. Department of Law & Public Safety, Division on Civil Rights, Anti-Housing Discrimination Program: \$981,000**

\$981 thousand to the Department of Law and Public Safety, Division on Civil Rights to create the Anti-Housing Discrimination Program to address the rise in housing discrimination complaints that have occurred during the COVID-19 public health emergency. The funds will be used to hire investigators, administrative staff and legal specialists who will focus exclusively on COVID-19-related housing discrimination complaints.

*U.S. Treasury SFRF Eligibility:* To address housing discrimination complaints affecting individuals during the COVID-19 public health emergency is an eligible use pursuant to 31 C.F.R. §35.6(b)(12) as set forth in the IFR. The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Negative Economic Impacts - Assistance to Households (EC2), Housing Support: Other Housing Assistance.

**9. Salem County American Legion Ambulance Association: \$500,000**

\$500 thousand to Salem County American Legion Ambulance Associations to sustain operations and cover payroll costs resulting from the county’s response to the COVID-19 public health emergency.

*U.S. Treasury SFRF Eligibility:* To cover payroll costs related to the county’s response to the COVID-19 public health emergency is an eligible use pursuant to 31 C.F.R. §35.6(b)(2) as set forth in the IFR. The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health - Negative Economic Impact: Public Sector Capacity – General Provisions (EC3), Public Sector Workforce: Payroll and Benefits for Public Health, Public Safety, or Human Services Workers.

**10. NJ Housing and Mortgage Finance Agency, Foreclosure Intervention Program: \$10,000,000**

\$10 million to the NJ Housing and Mortgage Finance Agency to create the Foreclosure Intervention Program to assist residents facing foreclosures.

*U.S. Treasury SFRF Eligibility:* To allow the State to buy eligible homes that are in foreclosure and to help residents stay in their homes by working with them to afford their mortgages is an eligible use pursuant to 31 C.F.R. §35.6(b)(3)(ii)(A)(5). The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Negative Economic Impacts – Assistance to Households (EC2), Long-term Housing Security: Affordable Housing.

**11. Department of Law and Public Safety, Violence Detection and Prevention (Gunshot Technology Initiative) Program: \$7,000,000**

\$7 million to Department of Law and Public Safety to create the Violence Detection and Prevention Program to allow communities across the State to acquire and enhance gunshot detection technology and related infrastructure improvements.

*U.S. Treasury SFRF Eligibility:* To enable first responders to quickly render aid to victims of gun violence and for police to identify shooters and reduce instances of retaliatory violence is an eligible use pursuant to 31 C.F.R. §35.6(b)(3)(i)(D). The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health (EC1), Community Violence Interventions.

## **12. Atlantic Health Hackettstown and Newton Hospitals: \$6,000,000**

\$6 million to Atlantic Health Hackettstown and Newton Hospitals for capital improvements to address the spread of COVID-19 and other diseases in congregate settings and for the expansion of mental health services.

*U.S. Treasury SFRF Eligibility:* Funds used to cover capital improvements (e.g., ventilation systems in Emergency Department, Pediatrics, Intensive Care Units, Operating rooms, and patient bed floors) are an eligible use pursuant to 31 C.F.R. §35.6(b)(3)(i)(A) and (C). The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health – COVID-19 Mitigation & Prevention (EC1), Prevention in Congregate Settings (Nursing Homes, Prisons/Jails, Dense Work Sites, Schools, Childcare facilities, etc.).

## **13. Capital Health – Trenton Hospital: \$6,300,000**

\$6.3 million to Capital Health Trenton Hospital to expand its emergency department, which operates in a qualified census tract.

*U.S. Treasury SFRF Eligibility:* Funds used to cover capital improvements (e.g., ventilation systems in Emergency Department, Pediatrics, Intensive Care Units, Operating rooms, and patient bed floors) are an eligible use pursuant to 31 C.F.R. §35.6(b)(3)(ii)(A) as set forth in the IFR. The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Negative Economic Impacts – Assistance to Households (EC2), Medical Facilities for Disproportionately Impacted Communities.

## **14. Department of Community Affairs, Local Government Services Firefighters Grant Program: \$10,000,000**

\$10 million to Department of Community Affairs, Local Government Services to provide competitive grants to support local and regional fire departments by ensuring that firefighters have proper fire protection, cleaning, and sanitization equipment.

*U.S. Treasury SFRF Eligibility:* To cover equipment costs used to respond to the COVID-19 public health emergency is an eligible use pursuant to 31 C.F.R. §35.6(b) as set forth in the IFR. The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health - COVID-19 Mitigation & Prevention (EC1), Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine).

## **15. Department of State, Poll Worker Daily Wage: \$9,192,300**

\$9.2 million to the Department of State (“DOS”) to ensure appropriate staffing at voting locations throughout the State, DOS increased the daily rate for poll workers from \$200 to \$300 for the 2021 General Election

*U.S. Treasury SFRF Eligibility:* Payments to poll workers for the 2021 General Election are an eligible use pursuant to 31 C.F.R. §35.6(b) as set forth in the IFR. The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health – Negative Economic Impact: Public Sector Capacity -

General Provisions (EC3), Public Sector Workforce: Payroll and Benefits for Public Health, Public Safety, or Human Services Workers.

**16. St. Joseph’s Hospital – Paterson: \$5,250,000**

\$5.25 million to St. Joseph’s Hospital to expand and enhance its psychiatric emergency services and maternity units to prevent the spread of COVID-19 and other diseases.

*U.S. Treasury SFRF Eligibility:* To expand and enhance facilities to prevent the spread of COVID-19 and other diseases in congregate settings is an eligible use pursuant to 31 C.F.R. §35.6(b)(3)(i)(A). The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health – COVID-19 Mitigation & Prevention (EC1), Prevention in Congregate Settings (Nursing Homes, Prisons/Jails, Dense Work Sites, Schools, Childcare facilities, etc.).

**17. Salem Medical Center: \$5,000,000**

\$5 million to Salem Medical Center to reimburse it for COVID-related expenses.

*U.S. Treasury SFRF Eligibility:* To reimburse COVID-19 prevention and treatment expenditures is an eligible use pursuant to 31 C.F.R. §35.6(b)(3)(i)(A). The following U.S. Treasury allowable “Expenditure Categories” (EC) are applicable: Public Health – COVID-19 Mitigation & Prevention (EC1), Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine).

**18. State Police Vehicles: \$521,783**

\$522 thousand to New Jersey State Police (“NJSP”) to purchase eight vehicles to support State officials who are responsible for responding to the COVID-19 public health crisis.

*U.S. Treasury SFRF Eligibility:* NJSP is responsible for the security and transportation of State officials, including the Governor and Lieutenant Governor. As part of their many responsibilities, these officials provide leadership and lend support to the State’s COVID-19 recovery efforts at vaccination sites, hospitals, nursing homes, long-term care facilities and other affected sites. This is an eligible use pursuant to 31 C.F.R. §35.6(b)(3)(ii)(E)(3). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health - Negative Economic Impact: Public Sector Capacity (EC3): Public Sector Capacity: Effective Service Delivery.

**19. State Police 2022 Recruiting Class: \$3,995,426**

\$4 million to NJSP to combat attrition exacerbated by the pandemic and to continue to satisfy staffing needs, NJSP has recruited a class of 180 individuals as part of the 164<sup>th</sup> State Police Class.

*U.S. Treasury SFRF Eligibility:* To support the costs of an additional recruiting class is an eligible use pursuant to 31 C.F.R. §35.6(b)(3)(ii)(E)(2)(ii). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Negative Economic Impact: Public Sector Capacity (EC3), Public Sector Workforce: Rehiring Public Sector Staff.

**20. Department of Law and Public Safety, Division of Criminal Justice Automatic License Plate Readers: \$10,000,000**

\$10 million to Department of Law and Public Safety, Division of Criminal Justice to invest in technology and software system integration to enable automatic license plate recognition (ALPR”).

*U.S. Treasury SFRF Eligibility:* To invest in technology and equipment to prevent and respond to the increased violence resulting from and exacerbated by the public health emergency is eligible pursuant to 31 C.F.R. §35.6(b)(3)(i)(D). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health (EC1), Community Violence Interventions.

**21. Department of Children and Families, Baby Formula: \$5,000,000**

\$5 million to Department of Children and Families to acquire infant formula for statewide distribution to families in need.

*U.S. Treasury SFRF Eligibility:* To purchase infant formula due to supply chain delays which were exacerbated by the public health emergency is eligible pursuant to 31 C.F.R. §35.6(b)(3)(ii)(A)(1). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Negative Economic Impact – Assistance to Households (EC2), Household Assistance: Food Programs.

**22. Department of Children and Families, School Linked Services: \$8,500,000**

\$8.5 million to Department of Children and Families to invest in programs that are comprehensive and multifaceted and build on strengths of young people so they can achieve their educational and life goals. Funding will also be provided for training of school personnel on social/emotional learning to provide support to schools during this school year.

*U.S. Treasury SFRF Eligibility:* To provide funding and training to the School Linked Services Program to assist youth in achieving their educational and life goals during the COVID-19 public health emergency is eligible pursuant to 31 C.F.R. §35.6(b)(3)(ii)(A)(11)(v). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Negative Economic Impact – Assistance to Households (EC2), Addressing Educational Disparities: Academic, Social, and Emotional.

**23. Department of Law and Public Safety, Hospital-Based Violence Intervention: \$10,000,000**

\$10 million to the Department of Law and Public Safety to reach victims of gun violence and others touched by violence right at the time of crisis with programs designed to reduce the cycle of gun violence. A primary goal of the New Jersey Hospital – Based Interventions (“HVIPs”) is to link hospitals with community-based organizations that are already engaged in assisting victims and preventing the spread of violence.

*U.S. Treasury SFRF Eligibility:* To provide funding to HVIPs to reduce gun violence and to prevent the spread of violence during the COVID-19 public health emergency is eligible pursuant to 31 C.F.R. §35.6(b)(3)(i)(D). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health (EC1), Community Violence Interventions.

**24. Department of Law and Public Safety, Critical Mapping for School Safety: \$6,500,000**

\$6.5 million to the Department of Law and Public Safety to provide a critical mapping initiative to enhance school safety and help law enforcement respond to emergencies.

*U.S. Treasury SFRF Eligibility:* To provide funding to support school safety through a critical mapping initiative is eligible pursuant to 31 C.F.R. §35.6(b)(3)(i)(D). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health (EC1), Community Violence Interventions.

**25. Department of Health, Electronic Health Records: \$10,000,000**

\$10 million to the Department of Health to implement an electronic health record system for the State's behavioral health hospitals and special treatment unit which will improve the speed, accuracy, and consistency of care. This program will standardize and streamline the care process for New Jersey's psychiatric hospitals and the special treatment units.

*U.S. Treasury SFRF Eligibility:* To provide funding for the creation of an Electronic Health Record System is eligible pursuant to 31 C.F.R. §35.6(b)(3)(i)(C). The following U.S. Treasury allowable "Expense Categories" (EC) are applicable: Public Health – Behavioral Health (EC1), Mental Health Services.

## **26. Department of Health, Atlantic County Health Infrastructure: \$1,224,215**

\$1.2 million to Atlantic County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable "Expense Categories" (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

## **27. Department of Health, Bergen County Health Infrastructure: \$4,246,633**

\$4.2 million to Bergen County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable "Expense Categories" (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

## **28. Department of Health, Burlington County Health Infrastructure: \$2,067,037**

\$2.1 million to Burlington County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable "Expense Categories" (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

## **29. Department of Health, Camden County Health Infrastructure: \$2,331,954**

\$2.3 million to Camden County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health

departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

### **30. Department of Health, Cape May County Health Infrastructure: \$425,906**

\$426 thousand to Cape May County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

### **31. Department of Health, Cumberland County Health Infrastructure: \$683,984**

\$684 thousand to Cumberland County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to support its local health department to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

### **32. Department of Health, Essex County Health Infrastructure: \$3,806,296**

\$3.8 million to Essex County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

### **33. Department of Health, Gloucester County Health Infrastructure: \$1,355,605**

\$1.4 million to Gloucester County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

**34. Department of Health, Hudson County Health Infrastructure: \$3,127,534**

\$3.1 million to Hudson County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

**35. Department of Health, Hunterdon County Health Infrastructure: \$578,453**

\$578 thousand to Hunterdon County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

**36. Department of Health, Mercer County Health Infrastructure: \$1,718,111**

\$1.7 million to Mercer County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

**37. Department of Health, Middlesex County Health Infrastructure: \$3,832,520**

\$3.8 million to Middlesex County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The

following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

**38. Department of Health, Monmouth County Health Infrastructure: \$2,873,271**

\$2.9 million to Monmouth County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

**39. Department of Health, Morris County Health Infrastructure: \$2,275,010**

\$2.3 million to Morris County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

**40. Department of Health, Ocean County Health Infrastructure: \$2,889,495**

\$2.9 million to Ocean County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

**41. Department of Health, Passaic County Health Infrastructure: \$2,306,781**

\$2.3 million to Passaic County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

#### **42. Department of Health, Salem County Health Infrastructure: \$289,600**

\$290 thousand to Salem County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.

#### **43. Department of Health, Somerset County Health Infrastructure: \$1,538,904**

\$1.5 million to Somerset County to administer grants for health infrastructure to support local health departments as they address the public health impacts of COVID-19. The intent is to provide county health departments the funds for facility and equipment improvements, and increased supports to address the impacts of the pandemic, among other permissible uses.

*U.S. Treasury SFRF Eligibility:* Funds to enhance health infrastructure to respond to the COVID-19 public health emergency and its negative economic impacts are eligible pursuant to 31 C.F.R. §35.6(b). The following U.S. Treasury allowable “Expense Categories” (EC) are applicable: Public Health – Other (EC1), Other Public Health Services.
