“(e) STANDARD HOSPITAL CHARGES.—

“(1) In general.—

“(A) Disclosure of standard charges.—For purposes of paragraph (1), the price transparency requirement described in this paragraph is, with respect to a hospital, that such hospital, in accordance with a method and format established by the Secretary under subparagraph (C), compile and make public (without subscription and free of charge) for each month—

“(II) that includes, with respect to each Centers for Medicare & Medicaid Services-specified shoppable service that is not furnished by the hospital, an indication that such service is not so furnished.

well as, with respect to prices made public pursuant to subparagraph (A)(ii), a link to a consumer-friendly document that clearly explains the hospital’s charity care policy).
The hospital shall accept the discounted cash price as payment in full from any patient that chooses to pay in cash without regard to the patient’s coverage.

“(iv) The payer-specific negotiated charges, expressed as a dollar amount and clearly associated with the name of the applicable third party payer and name of each plan, that apply to each such item or service when provided in, as applicable, the inpatient setting and outpatient department setting.
