Thanks Beth for the confirmation that the meeting with the Administrator was cancelled. I expected as much after seeing OPPT throw a flag at the last moment. Samantha is very well versed in the sequence of reviews and their content, so I'm confident the IOAA will receive accurate and detailed information for crafting a response to OPPT. Wayne

Subject: Heads up Update re: PFBS Briefing and release

Hi-

Heads up. I wanted to let you know that we received late comments from OPPT yesterday on the PFBS assessment. There are discussions within ORD AA office and Samantha is in the loop. However, as a result, the PFBS briefing has been cancelled and plans for the assessment put on hold. We will likely have to have follow up with OPPT.

Beth
