FIGURE 6

Recommended 20 Zone Framework

This map shows the recommended 20 zone framework with between three and five carters operating per zone. Zone boundaries are based on community district boundaries, and do not cut across boroughs. Consult Appendix E for detailed maps and information on each zone.

Number of carters to operate in each zone

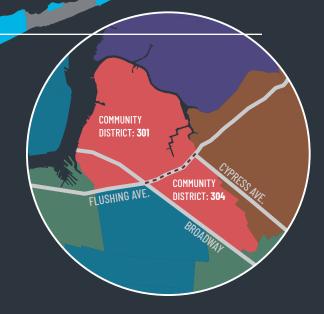

- 5 Carters
- 4 Carters
- 3 Carters

SI-1

(3)

Example Zone: BK-1

Proposed Carter Cap	3
Carters Operating	48
Predicted Tonnage tons/day	270-310
Community Districts in Zone	301, 304
Customers	5,000-6,100
